

ICT Accessibility Statement (DRAFT)

The Los Rios Community College District (the “District”) and its four colleges are committed to creating an accessible community, that is, one that provides websites, course materials, documents, and applications that are accessible to all current and future students, faculty, staff, and other constituents.

The District’s Information and Communications Technologies (ICT) adhere to accessibility standards such as the World Wide Web Consortium (W3C) Web Content Accessibility Guidelines (WCAG) 2.0 AA, Sections 504 and 508 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act.

For students with disabilities, the District/Colleges are committed to providing reasonable academic and administrative accommodations that support their educational programs through our Disability Services and Programs for Students (DSPS) Offices. These reasonable academic and administrative accommodations shall not fundamentally alter the educational programs.

For employees with disabilities, the District/Colleges are committed to providing reasonable accommodations to ensure all employees are able to perform the essential functions of their job.
