QUESTIONS RECEIVED THROUGH JULY 16, 2015

1. Is there a page length for applications? **NO** If yes, what is that maximum number of pages? For which sections of the "Evaluation Criteria" does that page limit apply to?
2. Are there formatting requirements (line spacing, font size, margins)? **NO** If yes, what are they?
3. In the Evaluation Criteria section (page 12), under General Information and then Terminated Contracts: Is the RFP asking for information of clients who terminated our contracts prior to completion? Can you clarify what "for reasons other than consolidation" means? *The question is seeking contact information for previous clients that have utilized your company's products and services and later decided to terminate the contract for said services or product. The statement “for reasons other than consolidation” is seeking information on why the decision was made to terminate the services not including a business merger/acquisition but for other causes.*
4. I have reviewed the revised RFP and it appears that we could make a few changes as an addendum to our proposal rather than re-do the entire proposal to meet the new requirements. Would that be acceptable to you? Yes, the revisions to the proposal in response to the addendum must clearly indicate the link (i.e. section, page#, etc.) to the related information in the original response to ensure the selection committee can follow the combined proposal response. The revisions must arrive by the prescribed due date and time and follow the same submittal requirements.
