Spring 2017 Student Elections!

Here is what you need to know...

Welcome!

The Los Rios Community College District and its four colleges—American River, Cosumnes River, Folsom Lake and Sacramento City—will be hosting student elections on April 4 - 5, 5:00am-11:30pm each day. Students are encouraged to learn more, run for a position, attend candidate forums and vote. There are no voting stations on campus. Students will be able to vote from any mobile device with internet access. For more information please go to this web page: <http://studentelections.losrios.edu/>

What is the role of the student association?

The student association is the official organization that represents students and consists of the Clubs and Events Board (CAEB) and Student Senate. Student leaders from each board are committed to advocating for students' rights, improving the campus culture and developing transferable leadership skills. Specifically, the Clubs and Events Board functions to promote student involvement and activities, while the Student Senate functions to advocate for the common interests of students.

The student trustee provides his/her perspective to ensure that students are served through service on the District's Board of Trustees. For more information, please see the [Student Trustee Handbook](#).

How do I get involved?

Each college is always looking for students interested in leadership development. If you are open to learning and working with others, then consider joining the student association.

Why should I vote?

Voting in the student elections is a privilege only for currently enrolled Los Rios students. Even though voting only takes a few minutes, elected student leaders make lasting changes to the campus environment and student experience.

Evan Nguyen - All students can succeed when the right resources are present. When students do not have the resources visible to them, they're going through college blind. I understand that it's a daunting task for a student as I started off on that pathway. When I began at Cosumnes River College (CRC) I lacked student engagement with taking only one class. I wanted to learn about my culture and resources on my campus so I became Vietnamese Student Association's Club Representative. In turn I found more resources available and applied to become the Commissioner for Club and Events Board. Being in this position my focus was to build a foundation and open dialogue for future generations of students that were in my shoes when I first started. I would like to follow this mission with being a Student Trustee to reach not only CRC but the entire Los Rios District (LRD) as well. If offered the position, my main goal is to create more dialogue between the colleges of LRD by spreading information to the collective executive boards from respective campuses. The next improvement I'd like to create is to bring more awareness towards our district-wide committees: Academic Calendar, Budget, Curriculum, and Matriculation that are open to all students of LRD. Lastly, I'd listen to the thoughts of the students on the great qualities we have as a district and our flaws. In this discussion, we can figure out a path to move forward together.

Tucker Zurawski - Hello. My name is Tucker Zurawski, and I am running to be your next Student Trustee. I have served in both the Student Senate and the Clubs and Events Board at Folsom Lake College for the past school year, and I have, during my tenure, recognized the need for more active and robust student voices. We need strong leaders who are willing and ready to communicate the needs of the students to the District administration. Throughout my term as Resolutions Officer for the Student Senate, I have been greatly involved in advocating for issues ranging from outdoor study areas, to expansion of student health services, to the protection of College Hour. We need a Student Trustee that will advocate for all students at both main campuses and the outreach centers, such as the El Dorado Center with Folsom Lake College and Mather Center with American River College. So on April 4th and 5th, vote Tucker Zurawski for your next Student Trustee.

Nathaniel Adams - Students are 20% of America's population by 100% of America's future. As students, we have a powerful voice and it's time to work together to use it to create our own opportunities. My personal mission is to inspire our campuses to pave a path for students to achieve their goals. It has been a great privilege to represent my peers in front of college faculty and administrators. Allow me to represent you as student trustee and allow me to advocate for our campuses so you will have the opportunities you deserve.

Danny Thirakul - My name is Danny Thirakul. I am an Interdisciplinary Studies Major at Sacramento City College. My goal is to transfer to a 4 year, where I'll major in Community and Regional Development. As a student, a young adult and an active participant in public affairs I understand many of the issues in our district. As such, I hope to use what I learn to find appropriate solutions for them. My passion in public service has motivated me to run for Los Rios Community College District Student Board Trustee. As a Cohort of the Boards and Commissions Leadership Institute, I am given the tools and experience to successfully complete the job duties as a Student Trustee. As a former candidate for local office, I understand my responsibilities are not just to my job but to the welfare and education of the students. I am blessed I can pursue a college education. If elected, I

hope to use my influence to give that opportunity to future students and create an educational environment that is progressive to all student’s learning abilities. I hope to earn your vote and together we will make a difference.
