1.0 Attributes and Conduct Guideline

1.1 Although representing their own area of residence, Los Rios Community College District Trustees are elected to a Board of Trustees which governs a multi-campus community college district. It is, therefore, incumbent on each Trustee to exhibit equal interest, loyalty and concern for all Los Rios Community College District Colleges and facilities, and not just for the College situated in the Trustee’s area of residence.

1.2 Board of Trustees members shall exhibit:

1.2.1 A sincere and unselfish interest in public education and in the contribution it makes in the development of students.

1.2.2 A knowledge of the community which the District is designed to serve and a willingness to assume a role of leadership in education.

1.2.3 A sensitivity to the diversity of the residents of the District and a responsiveness to the needs and interests of students from all backgrounds.

1.2.4 An ability to think independently, to grow in knowledge and to rely on facts rather than prejudices, and a willingness to hear all sides of controversial questions.

1.2.5 A deep sense of loyalty to associates and respect for group decisions cooperatively reached.

1.2.6 A respect for and interest in people, and an ability to get along with them.

1.2.7 A willingness to work through defined channels of authority and responsibility.

1.2.8 A willingness to devote the necessary time to become an effective Board of Trustees member.

1.3 Board of Trustees members should be well informed on the problems to be considered.

1.4 An individual Board of Trustees member has no legal right to promise action or correction, and has a moral obligation to refrain from doing so.

1.5 Individual Board of Trustees members should inform the Chancellor of complaints and criticism even though no action is requested. In turn the Board of
Trustees should be kept informed by the Chancellor.

1.6 Efforts should be made to seek agreement in the deliberate business of the District. Although differences of opinion may exist, both sides should examine their motives and objectives, and attempt to resolve public differences if split rolls frequently occur.

1.7 The Board of Trustees shall maintain an effective program for new member orientation and ongoing Board of Trustees member development.

   1.7.1 The Board of Trustees President and the Chancellor shall conduct an orientation session for all new Board of Trustees members.

   1.7.2 New Board of Trustees members shall be encouraged to attend the new Board of Trustees member orientation programs of the California Community College Trustees Association and the Association of Community College Trustees.

   1.7.3 Board of Trustees members shall be encouraged to participate in professional activities designed for community college trustees.

1.0 Statement of Ethics

1.1 In providing educational opportunities for all who can benefit, the Los Rios Community College District is guided by the principles of access, excellence and values. The Board of Trustees' Statement of Ethics provides a framework for carrying out the mission and a model for behavior expected of the Board of Trustees and all District employees.

1.2 Each member of the Board of Trustees shall:

   1.2.1 Keep access and quality education for all students as primary concern

   1.2.2 Make decisions in the best interest of students and the District;

   1.2.3 Be sensitive to the needs of the diverse population the Board of Trustees represent;

   1.2.4 Take action only as a full Board of Trustees, not as individuals;

   1.2.5 Focus on appropriate Board-level responsibilities;

   1.2.6 Observe the requirements of the Open Meeting Act;

   1.2.7 Devote adequate time and effort to Board of Trustees responsibilities;

   1.2.8 Work through the Chancellor or the Board of Trustees to resolve issues and concerns;

   1.2.9 Demonstrate the professional conduct expected of a public official;

   1.2.10 Maintain confidentiality of privileged information;

   1.2.11 Avoid conflicts of interest; and

   1.2.12 Ensure an atmosphere in which controversial issues can be presented fairly and in which the dignity of each individual is maintained.

2.0 Violations

Violations of the Board of Trustees’ Statement of Ethics and/or the Board of Trustees’ Conflict of Interest Code shall be addressed by the Board of Trustees President, who shall first informally discuss the violation with the Trustee to seek to reach a resolution. If resolution is not achieved and further action is deemed necessary, the Board of Trustees president may appoint an ad hoc committee of the Board to examine the matter and recommend further courses of action to the Board of Trustees. Sanctions may be proposed
by the committee and may include a recommendation to the Board of Trustees to publicly or
privately Reprimand or Censure the Trustee, and to require the repayment of District funds
improperly expended. If the President of the Board is reported to have committed a
violation, the Vice President of the Board of Trustees is authorized to pursue resolution
under this section.

On Being a Student Trustee

Being a student member of a California community college board of trustees is an exciting and demanding position and there is much to learn. The Community College League of California has prepared the following general highlights of roles and responsibilities for new and potential student trustees. However, practices and assumptions vary greatly from district to district—those interested in the position should talk with past student trustees, the district president or chancellor, and the chair of the board about their expectations for the position.

Qualifications
The Education Code states that student trustees must be enrolled in a college of the district for at least five semester units. Beyond these basic eligibility requirements, desired qualities are: an open mind, a desire to learn, the ability to represent the district articulately and professionally, an interest in being a member of a governing team, and the time to devote to being a trustee.

Rights
The law grants certain rights to student trustees:
- Attend all meetings of the governing board except for closed sessions.
- Be seated with the board and participate in discussion.
- Receive same materials as other board members (except for closed session materials).
- Receive mileage reimbursement to the same extent and under the same policies as other governing board members.

Privileges
Each local board may grant certain privileges, including
- Make and second motions.
- Receive compensation for board meetings.
- Advisory vote, which does not count in determining if an item passes but is logged in the official minutes.

Responsibilities
The student trustee has the same general responsibilities as publicly elected trustees to be a contributing and ethical member of the board. The primary responsibility is to attend and participate in all open board meetings, which includes:
- Prepare for meetings by studying the issues and asking questions.
- Be a team member of the board unit (no trustee has authority as an individual).
- Influence decisions by wisely participating in discussions.
Some boards also expect student trustees to:
- Attend conferences to enhance their own learning and contributions to the board.
- Help represent the college at community events.
- Help advocate for the college at the state and national legislatures.

Learning about the Role
It is important to learn all you can about being a student trustee. Sources of information include:
- Local student trustee orientation sessions conducted by the CEO and members of the board
- Past student trustees.
- The CEO and other trustees on the board.
- The advisor for the student trustee.
- The League's Student Trustee Workshop in August.
- League's Trustee Handbook (provided to all district CEO offices and distributed at the August workshop).
What You Will Need to Know

You need to know about your community. What are the different needs in the community? Who are the different groups in the community that should be served by the college? What are the economic, social and demographic trends in your community that have implications for education?

You need to know about the college district. What are its mission and goals? What are the major issues facing the college? Are its educational programs meeting community needs? Is it a stable, growing organization with strong leadership?

You need to know about the district’s students. What are the different needs of the wide variety of students that attend the college(s) in the district? Are students well-served by the college(s)? Are they succeeding?

You need to know the board’s responsibilities. As a member of a governing board, you help ensure that the colleges you govern add value to the community. Community colleges take pride in providing access to higher education to all and creating an environment that supports and produces student learning. The board’s role is four-fold:

• Create strong community linkages in order to best represent broad community interests.
• Make policies that establish the general direction for and expected results of the college’s programs and services, and that establish legal, ethical, and prudent parameters for college operations.
• Hire, support, and evaluate the CEO as the district leader.
• Monitor the performance of the district to ensure that it is meeting current community needs and anticipating future trends.

Relationship with Associated Students

In some districts the A. S. president serves as the student trustees. In this case, the person is asked to balance two roles and fulfill two sets of responsibilities. When the student trustee is not the A. S. president, the student trustee should:

• Establish and maintain open communication links with A. S.
• Support the Associated Student Body as the official advocate for students. The student trustee is a member of the board, not the official representative for the students in decision-making.
