December 3, 2018

Board of Trustees
Los Rios Community College District
Sacramento, California

We have audited the financial statements of the business-type activities, the aggregate discretely presented component units, of Los Rios Community College District for the year ended June 30, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 11, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Los Rios Community College District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed. We noted no transactions entered into by Los Rios Community College District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the Net Pension Liabilities and OPEB is based on actuary studies performed for the District and depreciation expense is based on capitalization policies. We evaluated the key factors and assumptions used to develop the OPEB liabilities and depreciation expense in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were noted.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representation

We have requested certain representations from management that are included in the management representation letter dated December 3, 2018.

Management Consultations with Other Independent Accountant

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Los Rios Community College District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Los Rios Community College District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on supplementary information, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of Board of Trustees and management of Los Rios Community College District and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Vavrinek, Trine, Day & Co LLP

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Los Rios Community College District
Sacramento, California

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, the aggregate discretely presented component unit (Los Rios Foundation), and the aggregate remaining fund information of Los Rios Community College District (the District) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the 2017-2018 *Contracted District Audit Manual*, issued by the California Community Colleges Chancellor's Office. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component unit, and the aggregate remaining fund information of the District as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require the Management's Discussion and Analysis, the Schedule of Changes in the District's Net OPEB Liability and Related Ratios, the Schedule of District Contributions for OPEB, the Schedule of OPEB Investment Returns, the Schedule of the District's Proportionate Share of the Net Pension Liability, and the Schedule of District Contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying unaudited supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2018, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2018**

DISTRICT BACKGROUND

The Los Rios Community College District (the District) was formed in 1965 as a result of the consolidation of ten separate K-12 “feeder” districts. At the time of its organization, the District consisted of two colleges: Sacramento City College, founded in 1916, and American River College in 1955. Cosumnes River College was established in 1970 to serve the southern portion of the District and in 2004 Folsom Lake College achieved college status. The District also includes six education centers in Davis, El Dorado, Elk Grove, Natomas, Rancho Cordova, and West Sacramento.

The District, which is the second largest community college district in California and one of the largest in the nation, has enrollment of over 70,000 students during our primary terms. It covers approximately 2,400 square miles, including most of Sacramento County, most of El Dorado and parts of Yolo, Placer and Solano Counties.

LOS RIOS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

MANAGEMENT DISCUSSION AND ANALYSIS (explained)

Management's Discussion and Analysis (MD&A) provides an overview of the financial position and activities of the District. The MD&A has been prepared by management and should be read in conjunction with the financial statements. The purpose of the basic financial statements is to summarize the financial status of the District, as a whole, and to present a long term view of the District's finances.

The basic financial statements include four components:

1. *Statement of Net Position* presents the District's assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position. Changes in total net position are based on the activities presented in the Statement of Revenues, Expenses, and Changes in Net Position.
2. *Statement of Revenues, Expenses, and Changes in Net Position* presents the revenues earned and expenses incurred by the District.
3. *Statement of Cash Flows* presents information about the cash activities of the District during the year.
4. *Notes to the Financial Statements* provide additional information crucial for the review of the financial statements.

The District follows the financial reporting standards established by the Governmental Accounting Standards Board (GASB) Statements No. 34 ("*Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*") and 35 ("*Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*") using the Business Type Activity (BTA) model. The California Community Colleges Chancellor's Office (CCCCO) has adopted the BTA model as the standard for all colleges to use and these statements are prepared accordingly.

LOS RIOS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

FINANCIAL HIGHLIGHTS

For 2017-18, the District reported less than its base service level due in part because of reporting summer 2017 Full-Time Equivalent Students (FTES) in the prior fiscal year. The District was in stability for 2017-18. A significant number of districts in the State of California are facing enrollment challenges due to low unemployment and other external factors. The District continues to focus on increased outreach and retention efforts to stabilize enrollment.

Despite the challenge of enrollment, the District closed the year recognizing \$304 million in general purpose revenue entitlement, \$13.7 million higher than 2016-17. This ongoing increase in the entitlement is primarily the result of base augmentation of \$8.5 million and a cost of living adjustment of \$4.5 million.

Funds from Proposition 30, which increased tax revenues by raising the State sales tax and high-income taxpayer's personal tax rates, are deposited into the Education Protection Account (EPA) and then distributed to districts. The EPA accounts for \$42.4 million of the \$304 million entitlement.

The State also funds several categorical programs, many of which are intended to provide support services for students and supplemental services for both the general and special student populations. The Student Success and Support Program (SSSP) was funded for \$15.2 million and Student Equity at \$6.5 million.

The District received \$6.2 million in funding to maintain facilities and update instructional equipment and library materials. Of this amount, the District allocated 60% toward facility and information technology infrastructure and 40% to instructional equipment needs.

A Mandated Cost Block Grant to compensate districts for certain State mandated activities was funded for the fifth consecutive year, providing the District \$1.5 million. In addition, the District received \$1.5 million in unrestricted revenue for mandated cost claims filed in prior years.

The District continued to improve its facilities in 2017-18. Construction projects continued throughout the District, funded primarily through voter approved bond Measures A and M. Expended to date amounts shown below include expenditures paid from interest earnings.

	Authorized	Issued to Date	Expended to Date
2002 Measure A	\$265 million	\$265 million	\$250 million
2008 Measure M	\$475 million	\$255 million	\$190 million

The District issued the last of the bonds for 2002 Measure A, Series F \$27.5 million; issued 2008 Measure M, Series C \$65.0 million and refunded Measure M, Series A with a 2017 Refunding bond \$106.9 million. The refunding defeased \$110.7 million of Measure M, Series A outstanding bonds with an anticipated present value savings to taxpayers of \$12.8 million.

The District closed the year with unrestricted general fund reserves of \$53.7 million, or 15.2% of expenditures, as well as available reserves in its unrestricted capital outlay projects fund. The California Community College Chancellor's Office recommends a prudent general fund unrestricted reserve of at least 5% of expenditures. Cash balances in unrestricted general fund and unrestricted capital outlay projects fund exceeds \$203 million.

LOS RIOS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

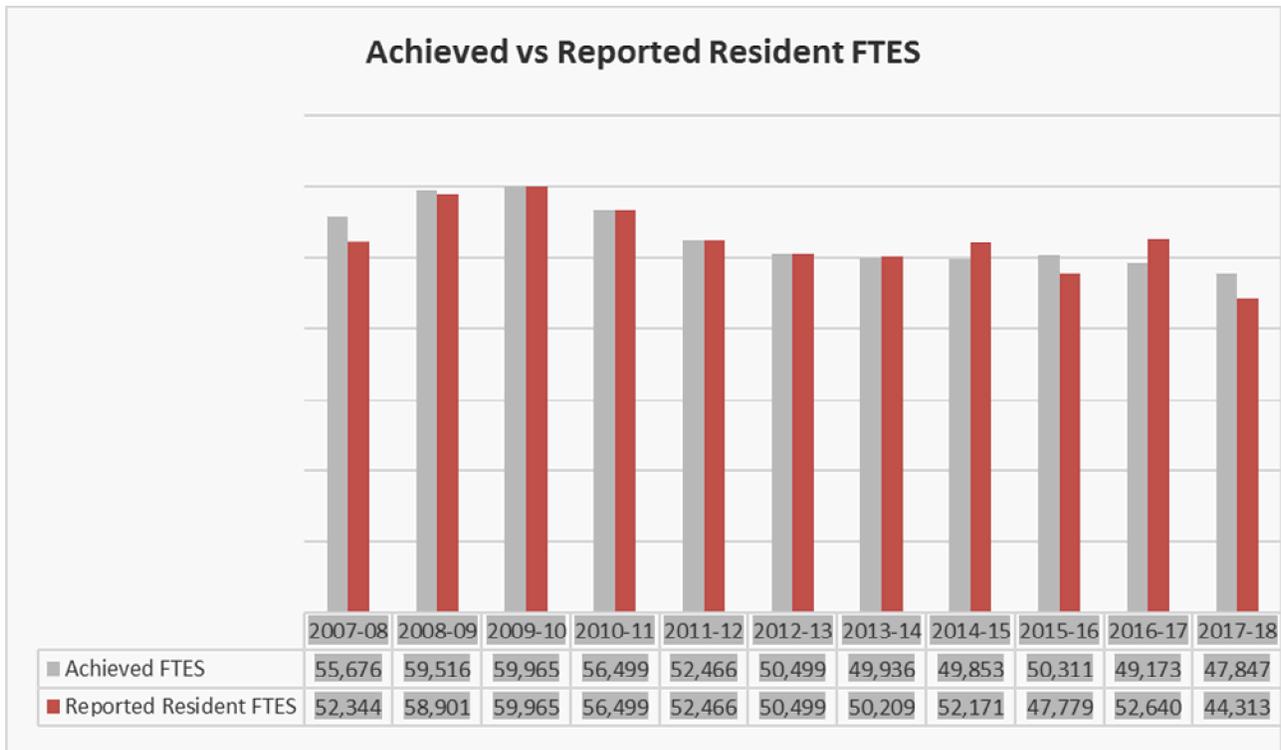

JUNE 30, 2018

ATTENDANCE

The District's achieved attendance in 2017-18 decreased compared to 2016-17 by 2.7%. The District reported a portion of summer 2017 FTES in 2016-17 in order to meet the base service level, in that year, and qualify for available growth funding.

Due to many factors, including an improved job market and a decrease in the number of high school graduates, the demand for classes has not returned to the 2009-10 level. As mentioned earlier, the District's enrollment trends are consistent with most districts in the State.

**Los Rios Community College District
Attendance History – Achieved vs. Reported Resident FTES**

LOS RIOS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

FINANCIAL STATEMENTS SUMMARY

GASB Statement No. 68, *Accounting and Financial Reporting for Pension*, implemented in 2014-15, establishes standards for measuring and recognizing unfunded pension liabilities, deferred outflows and inflows of resources, and expense for the State of California's public employee pension systems, CalPERS and CalSTRS. The District's proportionate share of the combined CalPERS and CalSTRS net pension liability was \$357 million, as of the measurement date of June 30, 2017. The implementation of GASB 68 is the reason for the large negative balance in the unrestricted net position shown on statement of net position for 2018 (\$61.6 million).

To illustrate the impact of GASB 68, the chart below shows the District's Net Position with and without the effect of GASB 68.

	<u>Net Position with GASB 68</u>	<u>Net Position without GASB 68</u>
NET POSITION		
Net investment in capital assets	\$ 326,487,227	\$ 326,487,227
Restricted	41,524,979	41,524,979
Unrestricted	(61,597,930)	295,084,862
TOTAL NET POSITION	<u>\$ 306,414,276</u>	<u>\$ 663,097,068</u>

There is a plan to fully fund the CalSTRS unfunded pension liability. Legislation was enacted to increase employer contribution rates over seven years beginning in 2014-15. The rate will more than double going from 8.25% to 19.10%. The rate increases will remain in effect for at least thirty years, at which time the liability is projected to be fully funded. The employer contribution rate for 2017-18 was 14.43%. Employee contributions increased from the 2014-15 rate of 8.15% to 10.25% for 2017-18.

CalPERS sets its own rates and is addressing its unfunded liability by increasing employer contribution rates over the next several years, nearly doubling the 2014-15 rate of 11.77%. The employer contribution rate for 2017-18 was 15.53%.

Total Net Position	<u>\$ 306,414,276</u>	<u>\$ 292,838,572</u>	<u>\$ 13,575,704</u>

Statement of Net Position Highlights

- The District's net position, was primarily affected by two transactions. The first was the issuance of two General Obligation Bonds (Measure A, Series F \$27.5 million and Measure M, Series C \$65 million) and one Advance Refunding bond (2017 Refunding \$106.9 million). The second is regarding the recurring factors, which change the District's deferred resources and liabilities for pensions and other post-employment benefits from year to year.

Nonoperating Revenues			
State apportionments	200,504,978	193,706,829	6,798,149
Property taxes	115,552,441	109,828,399	5,724,042
Lottery and other revenue	28,612,306	20,376,324	8,235,982
Investment income (expense)	(6,568,339)	(6,006,219)	(562,120)
Other nonoperating revenues	270,698	627,830	(357,132)
Total Nonoperating Revenue	<u>338,372,084</u>	<u>318,533,163</u>	<u>19,838,921</u>
Other Revenues			
State and local capital income	<u>7,572,302</u>	<u>6,136,801</u>	<u>1,435,501</u>
Net Increase in Net Position	<u>\$ 13,575,704</u>	<u>\$ 17,523,220</u>	<u>\$ (3,947,516)</u>

- Grants and contracts increased by \$5.9 million due to increases in federal (\$2 million) and state (\$3 million) grants earned.
- State apportionments increased by \$6.8 million primarily due to an increase in the base and COLA.
- Property taxes increased by \$5.7 million, of which \$4.6 million was due to increased assessed values within the counties the District serves, and \$1.1 million was due to increased assessments to cover increasing general obligation bonds debt service payments.
- Lottery and other revenue increased by \$8.2 million, primarily due to an increase in the State's on behalf payments for CalSTRS of \$3.6 million and increase in receipts of state lottery funds of \$3.1 million.
- State and local capital income increased by \$1.4 million, which was primarily due to increased funding for construction and scheduled maintenance and repairs.

LOS RIOS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

Table 3

Operating Expenses (by Natural Classification)	2018	2017	Change
Compensation	\$ 247,622,479	\$ 238,505,743	\$ 9,116,736
Employee benefits	45,603,011	43,735,748	1,867,263
Pension expense (CALPERS, CalSTRS, & OPEB)	55,327,195	41,314,414	14,012,781
Supplies, materials, other operating expense and services	74,672,993	67,867,769	6,805,224
Student financial aid	99,587,078	99,140,969	446,109
Depreciation	30,506,553	30,377,589	128,964
Total Operating Expenses	\$ 553,319,309	\$ 520,942,232	\$ 32,377,077

Operating Expense Highlights

- Compensation increased by \$9.1 million (4%) primarily due to implementing new categorical programs.
- Employee benefits increased by \$1.9 million (4%) primarily due to rate increases in the employer's contribution for CalPERS (1.643%) and CalSTRS (1.85%) over the prior year.
- Pension expense increased \$14 million (34%). This represents the effect of recording the changes to the net pension liability and related deferred outflows and inflows over and above the prior year.
- Supplies, materials, and other expenses increased \$6.8 million (10%) primarily due to an increase in the cost of contracted personal services, insurance, rents and leases, and repairs.

	\$ 679,148,899	\$ 12,684,234	\$ (12,265,157)	\$ 679,567,976

- Construction in progress additions were \$10.9 million. Current major construction projects in progress include the ARC Liberal Arts Building Modernization and Water Well replacement, the CRC College Center Expansion, and the SCC Mohr Hall Modernization and Davis Center Phase 2 instructional building.

LOS RIOS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

- Construction in progress had deletions of \$8.6 million, which consisted of completed site improvements and buildings.
- Building and improvements of \$16.5 million, during the fiscal year, include ARC Storm Drain Extension, SCC Davis Center, SCC Hydronic Modification, and prior year in progress projects reclassified to buildings.

Obligations

Table 5

	Balance Beginning of Year	Additions	Deletions	Balance End of Year
General obligation bonds	\$ 361,249,892	\$ 221,949,601	\$ (135,943,068)	\$ 447,256,425
Certificates of participation	703,726	-	(261,242)	442,484
Total Long-Term Debt	<u>\$ 361,953,618</u>	<u>\$ 221,949,601</u>	<u>\$ (136,204,310)</u>	<u>\$ 447,698,909</u>
 Amount due within one year				 <u>\$ 20,733,899</u>

General obligation bond activity consisted of two bond issuances and one refunding discussed previously, and regular principal payments

Aggregate net pension obligation for both CalPERS and CalSTRS unfunded pension liabilities increased by \$36 million to \$356.7 million.

ECONOMIC FACTORS THAT MAY AFFECT THE FUTURE

The 2018-2019 State budget is the sixth year of prosperous times for the State. The adopted budget contains \$139 billion in General Fund expenditures, up \$12 billion from the prior year, and contains \$78 billion in Proposition 98 expenditures, up \$2 billion from the prior year. Based on estimates from the California Legislative Analyst’s Office, the State is likely to see steady wage and salary growth, slower job growth, a weakening housing market, and a leveling off of the stock market, which they believe results in modest revenue growth over the next two fiscal years. These estimates do not consider what impact trade disputes or other unforeseen events would have on State revenues and Proposition 98.

As a reminder, the 0.25 percent sales tax increase from Proposition 30 of 2012 was phased out on December 31, 2016; however, this only accounted for less than a quarter of the total revenue increase generated by Proposition 30. The personal income tax increase for high earners was also scheduled to phase out in 2018, which would have been a significant revenue reduction, but voters approved Proposition 55 of 2016 that extended the personal income tax portion until December 31, 2030.

LOS RIOS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

Since the last funding formula overhaul in 2005-06, the California Community College system has been predominantly funded on a per FTES basis (90%) and partially funded on the number and size of each districts colleges and centers (10%). The 2018-19 budget included a new funding formula for the system that reduces funding on a per FTES basis (50%), and instead provides an allocation based on the number of financially-needy students the districts serves (20%) and includes an allocation based on the outcomes of the students served (20%). In addition to the changes in how funds are allocated, the funding formula now takes an average of the current year's and the two prior years' reported FTES. Needless to say, these changes add a level of complexity and uncertainty for our District over the next few years. In order to help districts transition to this new funding formula, the State has provided that each district will receive no less than it received in 2017-18 for the next three years, with a cost of living adjustment for each year.

There are several unknown factors that could still negatively affect the 2018-2019 budget including the State's estimate of revenues that would be collected from the previously mentioned tax increase, student enrollment fees collected, and the amount of local property taxes and redevelopment funds flowing to schools and community colleges. These revenue estimates were made in the Spring of 2018 and will not fully materialize until the Winter of 2020. If the estimates are higher than what revenues actually appear, community college districts will not be fully funded for their apportionments. There is currently a \$22.2 million estimated shortfall in the 2018-2019 apportionment funding report for community colleges that would impact the District by \$1.1 million. While apportionment funding shortfalls may diminish throughout the fiscal year as projections of full-time equivalent students served and offsetting revenues are refined, management will continue to closely monitor apportionment reports and attempt to mitigate risk.

A significant concern is the increase of the employer contribution rate for CalSTRS and CalPERS as part of the State's adopted funding plans. CalSTRS employer contribution rates will increase from 11.4% in 2013-14 to 19.1% in 2020-21, and CalPERS employer contribution rates are projected to increase from 11.44% in 2013-14 to 25.7% in 2025-26. The increased employer contribution rates will result in a cumulative impact of \$18.3 million for the District from 2013-14 through 2017-18. While the District has been able to set-aside both one-time and ongoing funding for this purpose, sudden or significant declines in state funding levels would be problematic.

Since achieved FTES has declined in recent years, the District is focused on improving its enrollment through targeted outreach and by developing clearer pathways for students to follow. Because the District did not report any of its shiftable summer FTES in 2017-18 and relied on the state's one-year hold-harmless provision, it will report all of its shiftable summer FTES in 2018-19 in order to maximize revenue. Because of the hold-harmless provisions in the new funding formula, even if the District is unable to report its base FTES level for 2018-19, the District will maintain its 2017-18 funding level for the next three years, with an annual cost of living adjustment. At the same time, most districts throughout the state are in a similar position, so while we may see a modest decline in FTES, we are likely to see more funding per FTES, which may cancel out any monetary reduction resulting from the FTES decline.

LOS RIOS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

As of June 30, 2018, the District ended the fiscal year with a surplus due to prudent fiscal management as well as a substantial amount of one-time funds from the State's continued upward trend since 2012-13. The general fund reserve is well above the required District Board of Trustees' and Chancellors Office's recommended prudent levels. In the last three years, the budget did not require any reserves to support base operations, which we project will also be true for 2018-19. The District has made significant investments in its physical and technology resources to refresh and modernize its equipment and facilities. Also, the district has a fully funded other post-employment benefits trust and makes annual contributions to maintain full funding. Other than the pension and claims liabilities, the only long-term debt the District carries are local general obligation bonds, which are backed by a property tax base that has nearly doubled over the past 15 years, and certificates of participation that will be paid off in two years from a steady revenue source.

Based on the information currently available, the District believes it is well positioned financially for the 2018-2019 fiscal year and beyond. The District continues to plan thoughtfully for the many challenges ahead and look forward to the opportunity to expand and enhance access and success for the students, while improving the District's financial position by systematically addressing pension and other liabilities and making investments in human, physical, and technology resources. Through the support of the Board members, staff, students, and community at large, the District, with its enviable reputation and unique place in the community, remains committed to academic excellence and fiscal stability.

Other than the concerns discussed above, the District is not aware of any currently known facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during this fiscal year beyond those unknown variations having a global effect on virtually all types of business operations.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact Los Rios Community College District, 191 Spanos Court, Sacramento, CA 95825.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 1 - ORGANIZATION

Los Rios Community College District (the District) was established on July 1, 1964 and commenced operations on July 1, 1965 as a political subdivision of the State of California and is a comprehensive, public, two-year institution offering educational services to residents of the surrounding area. The District operates under a locally elected seven-member Board of Trustees form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the General Fund, special revenue funds, and capital project funds, but these budgets are managed at the department level. Currently, the District operates four colleges and six campuses located throughout the areas served in the counties of El Dorado, Placer, Sacramento, Solano, and Yolo. While the District is a political subdivision of the State of California, it is legally separate and is independent of other State and local governments, and it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 61. The District is classified as a Public Educational Institution under Internal Revenue Code Section 115 and is, therefore, exempt from Federal taxes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The District has adopted GASB Statement No. 61, *Determining Whether Certain Organizations are Component Units*. This statement amends GASB Statement No. 14, *The Financial Reporting Entity*, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District. The three components used to determine the presentation are: providing a "direct benefit", the "environment and ability to access/influence reporting", and the "significance" criterion. As defined by accounting principles generally accepted in the United States of America and established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, the District, and the following component units:

- Los Rios Foundation

The Los Rios Foundation (the Foundation) is a legally separate, tax-exempt component unit of the District. The Foundation acts primarily as a fundraising organization to provide grants and scholarships to students and support to employees, programs, and departments of the District. The board of the Foundation consists of community members, alumni, and other supporters of the Foundation. Although the District does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon that the Foundation holds and invests, are restricted to the activities of the District by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the District, the Foundation is considered a component unit of the District with the inclusion of the statements as a discretely presented component unit. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

The Foundation is a not-for-profit organization under Internal Revenue Code (IRC) Section 501(c)(3) that reports its financial results in accordance with Financial Accounting Standards Codifications. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the District's financial reporting entity for these differences; however, significant note disclosures to the Foundation's financial statements have been incorporated into the District's notes to the financial statements.

Complete financial statements for the Foundation can be obtained from the Foundation's Business Office at 1919 Spanos Court, Sacramento, CA 95825.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB Statements No. 34 and No. 35 as amended by GASB Statements No. 37, No. 38, and No. 39. This presentation provides a comprehensive entity-wide perspective of the District's assets, deferred outflows of resources, liabilities, deferred inflows of resources activities, and cash flows and replaces the fund group perspective previously required. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. The significant accounting policies followed by the District in preparing these financial statements are in accordance with accounting principles generally accepted in the United States of America as prescribed by GASB. Additionally, the District's policies comply with the California Community Colleges Chancellor's Office *Budget and Accounting Manual*. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All material intra-agency and intra-fund transactions have been eliminated.

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are classified as operating revenues. These transactions are recorded on the accrual basis when the exchange takes place. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Operating revenues include activities that have the characteristics of exchange transactions such as student tuition and fees, net of scholarship discounts and allowances, Federal, State, and local grants and contracts, and sales and services of auxiliary enterprises.

Revenues resulting from nonexchange transactions, in which the District receives value without directly giving equal value in return are classified as nonoperating revenues. Nonoperating revenues include activities that have the characteristics of nonexchange transactions such as State apportionments, property taxes, investment income, gifts and contributions, and other revenue sources defined in GASB Statements No. 34 and No. 35. Property tax revenue is recognized in the fiscal year received. State apportionment revenue is earned based upon criteria set forth from the Community Colleges Chancellor's Office and includes reporting of full-time equivalent students (FTES) attendance. The corresponding apportionment revenue is recognized in the period the FTES are generated.

Operating expenses are costs incurred to provide instructional services including support costs, auxiliary services, and depreciation of capital assets. Operating expenses include employee salaries and benefits, supplies, operating expenses, and student financial aid. All other expenses not meeting this definition are reported as nonoperating and include interest expense and other expenses not directly related to the services of the District. Expenses are recorded on the accrual basis as they are incurred, when goods are received, or services are rendered.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

The District reports are based on all applicable GASB pronouncements, as well as applicable Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, unless those pronouncements conflict or contradict GASB pronouncements. The District has not elected to apply FASB pronouncements after that date.

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*, as amended by GASB Statements No. 37, No. 38, and No. 39. The business-type activities model followed by the District requires the following components of the District's financial statements:

- Management's Discussion and Analysis
- Basic Financial Statements for the District as a whole including:
 - Statement of Net Position - Primary Government
 - Statement of Revenues, Expenses, and Changes in Net Position - Primary Government
 - Statement of Cash Flows - Primary Government
 - Financial Statements for the Fiduciary Funds including:
 - Statement of Fiduciary Net Position
 - Statement of Changes in Fiduciary Net Position
- Notes to the Financial Statements

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be unrestricted cash on hand, demand deposits, and short-term unrestricted investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include unrestricted cash with the Sacramento County Treasury (County) for purposes of the Statement of Cash Flows. Restricted cash and cash equivalents represent balances restricted by external sources such as grants and contracts or specifically restricted for the repayment of capital debt.

Restricted Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments held at June 30, 2018 are stated at fair value. Fair value is estimated based on quoted market prices at year-end. Short-term investments have an original maturity date greater than three months, but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Accounts Receivable

Accounts receivable include amounts due from the Federal, State and/or local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. Accounts receivable also consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of California. The District provides for an allowance for uncollectible accounts as an estimation of amounts that may not be received. This allowance is based upon management's estimates and analysis. The allowance was estimated at \$311,679 for the year ended June 30, 2018.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Prepaid Expenses

Prepaid expenses represent payments made to vendors and others for services that will benefit periods beyond June 30, 2018.

Inventories

Inventories consist primarily of bookstore merchandise held for resale to the students and faculty of the colleges. Inventories are stated at cost, utilizing the first in – first out method. The cost is recorded as an expense as the inventory is consumed.

Capital Assets and Depreciation

Capital assets are long-lived assets of the District as a whole and include land, construction in progress, buildings, leasehold improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$200 and an estimated useful life greater than one year. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Improvements to buildings and land that significantly increase the value or extend the useful life of the asset are capitalized; the costs of routine maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged as an operating expense in the year in which the expense was incurred. Major outlays for capital improvements are capitalized as construction in progress as the projects are constructed.

Depreciation of capital assets is computed and recorded utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 50 years, portables 15 years, land improvements 10 years, equipment 8 years, library books 5 years, and technology equipment 3 years.

Deferred Charge on Refunding

Deferred charge on refunding results from the differences in the carrying value and reacquisition price of the refunded debt and is amortized using the straight-line method over the remaining life of the new debt.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position also reports deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The District reports deferred outflows of resources for deferred charge on refunding, pension related items, and OPEB related items.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The District reports deferred inflows of resources for pension and OPEB related items.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions and pension expense, information about the fiduciary net position of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) plan for schools (the Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB asset, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Los Rios College Retiree Health Benefit Trust (OPEB Trust) and additions to/deductions from the OPEB Trust's fiduciary net position have been determined on the same basis as they are reported in the OPEB trust financial statements. For this purpose, benefit payments are recognized when due and payable in accordance with benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Compensated Absences

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the entity-wide financial statements. The current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignation and retirements that occur prior to year end that have not yet been paid within the fund from which the employees who have accumulated the leave are paid. The District also participates in "load banking" with eligible academic employees whereby the employee may teach extra courses in one period in exchange for time off in another period.

Sick leave is accumulated without limit for each employee based upon negotiated contracts. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, retirement credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Retirement credit for unused sick leave is applicable to all academic employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full time.

Unearned Revenue

Unearned revenue includes (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year and (2) amounts received from Federal and State grants received before the eligibility requirements are met.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Net Position

GASB Statements No. 34 and No. 35 report equity as "Net Position" and represent the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources. The net position is classified according to imposed restrictions or availability of assets for satisfaction of District obligations according to the following net position categories:

Net Investment in Capital Assets consists of capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets. To the extent debt has been incurred, but not yet expended for capital assets, such accounts are not included as a component invested in capital assets.

Restricted: Net position is reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the District, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available. None of the District's restricted net position has resulted from enabling legislation adopted by the District.

Unrestricted: Net position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed.

State Apportionments

Certain current year apportionments from the State are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year. When known and measurable, these recalculations and corrections are accrued in the year in which the FTES are generated.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. The County Assessor is responsible for assessment of all taxable real property. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The Counties of El Dorado, Placer, Sacramento, Solano, and Yolo bill and collect the taxes on behalf of the District. Local property tax revenues are recorded when received.

The voters of the District passed General Obligation Bonds in 2002 and 2008 for the acquisition, construction, and remodeling of certain District property. As a result of the passage of the Bond, property taxes are assessed on the property within the District specifically for the repayment of the debt incurred. The taxes are assessed, billed, and collected as noted above and remitted to the District when collected.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Scholarships, Discounts, and Allowances

Student tuition and fee revenue is reported net of scholarships, discounts, and allowances. Fee waivers approved by the Board of Governors are included within the scholarships, discounts, and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances represent the difference between stated charges for enrollment fees and the amount that is paid by students or third parties making payments on the students' behalf.

Federal Financial Assistance Programs

The District participates in federally funded Pell Grants, SEOG Grants, and Federal Work-Study programs, as well as other programs funded by the Federal government. Financial aid to students is either reported as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to students in the form of reduced tuition. These programs are audited in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

Foundation Financial Statement Presentation

The Los Rios Foundation presents its financial statements in accordance with Statement of Financial Accounting Codifications. Under these reporting requirements, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As permitted by the codification, the Foundation does not use fund accounting.

Permanently Restricted Net Assets: Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on related investments for general or specific purposes.

Temporarily Restricted Net Assets: Net assets subject to donor-imposed stipulations that will be met by actions of the Foundation and/or the passage of time.

Unrestricted Net Assets: Net assets not subject to donor-imposed restrictions.

Revenues and expenses are recorded when incurred in accordance with the accrual basis of accounting. Revenues are reported as increases in the unrestricted net assets classification unless use of the related assets is limited by donor-imposed restrictions. Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Contributions for in-kind gifts from outside sources are recorded at their fair market value on the date of the donation.

Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Investments are reported at fair value in accordance with FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*.

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and related California Franchise Tax Codes.

New Accounting Pronouncements

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

This Statement establishes criteria for identifying fiduciary activities of all State and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Early implementation is encouraged.

In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

The requirements of this Statement are effective for the reporting periods beginning after December 15, 2019. Early implementation is encouraged.

In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The requirements of this Statement should be applied prospectively.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 3 - DEPOSITS AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section (ECS) 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Investment in the State Investment Pool - The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which is recorded on the amortized cost basis.

Investment in the Debt Securities – The District has proceeds from general obligation bonds which are temporarily invested by the County of Sacramento, non-pooled investment portfolio, until needed for assigned capital expenditures. The investment policy for GO bonds is set forth in the bond indenture, which are limited to those authorized by California Government Code Section 53061 et seq. The County's own investment policies may impose additional limitations beyond those required by Government Code.

LOS RIOS COMMUNITY COLLEGE DISTRICT

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County treasury pool and LAIF.

Segmented Time Distribution

Information about the sensitivity of the fair values of the investments to market interest rate fluctuations is provided by the following schedule that shows the distribution of the investments by maturity:

Investment Type	Fair Value	Not Applicable	Maturity in Years	
			1-5	>5
County Treasury Pool	\$ 339,324,193	\$339,324,193	\$ -	\$ -
LAIF	6,298,908	6,298,908	-	-
Debt Security and Other Investments	192,287,820	-	192,287,820	-
Total	<u>\$ 537,910,921</u>	<u>\$345,623,101</u>	<u>\$192,287,820</u>	<u>\$ -</u>

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code, the investment policy, or debt agreements, and the actual rating as of the year-end for each investment type.

Investment Type	Fair Value	Not Required To Be Rated	Rating as of Year End		
			AAA	Aa	Unrated
County Treasury Pool	\$ 339,324,193	\$ 339,324,193	\$ -	\$ -	\$ -
LAIF	6,298,908	6,298,908	-	-	-
Debt Securities:					
United States Treasury Bill (USTB)	25,155,798	-	25,155,798	-	-
US Agencies:					
Federal Home Loan Mortgage Corporation (FHLMC)	25,165,020	-	25,165,020	-	-
Federal Home Loan Bank (FHLB)	6,818,073	-	6,818,073	-	-
Federal Farm Credit Bank (FFCB)	505,000	-	505,000	-	-
Miscellaneous:					
Money market and mutual funds	134,643,929	-	-	-	134,643,929
Total	<u>\$ 537,910,921</u>	<u>\$ 345,623,101</u>	<u>\$57,643,891</u>	<u>\$ -</u>	<u>\$ 134,643,929</u>

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. Investments in any one issuer that represent five percent or more of the total investments are as follows:

<u>Investment Type</u>	<u>Issuer</u>	<u>Reported Amount</u>
Debt Securities	United States Treasury Bill (USTB)	\$ 25,155,798
Debt Securities	Federal Home Loan Mortgage Corporation (FHLMC)	25,165,020

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2018, District bank balances of approximately \$10,800,000 were exposed to custodial credit risk because they were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

NOTE 4 - FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs, other than Level 1 prices, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Uncategorized - Investments in the County Treasury Pool and LAIF are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The fair value measurements are as follows at June 30, 2018:

Investment Type	Fair Value	Fair Value Measurements Using			Uncategorized
		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	
County Treasury Pool	\$ 339,324,193	\$ -	\$ -	\$ -	\$ 339,324,193
LAIF	6,298,908	-	-	-	6,298,908
Debt Security and Other Investments	192,287,820	159,799,727	32,488,093	-	-
Total	<u>\$ 537,910,921</u>	<u>\$ 159,799,727</u>	<u>\$ 32,488,093</u>	<u>\$ -</u>	<u>\$ 345,623,101</u>

All assets have been valued using a market approach, with quoted market prices.

NOTE 5 - ACCOUNTS RECEIVABLE

Accounts receivable for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources as follows:

Federal Government	
Categorical aid	\$ 4,249,859
State Government	
Apportionment	5,029,404
Categorical aid	6,469,919
Lottery	2,249,549
Local Sources	
Interest	2,163,979
Other local sources	6,063,792
Less allowance for uncollectible amounts	(311,679)
Total	<u>\$ 25,914,823</u>

The District calculates the allowance for uncollectible amounts based on 20% of student receivables.

Discretely Presented Component Unit

The Foundation's accounts receivable consist primarily of short-term donations. In the opinion of management, all amounts have been deemed to be fully collectable.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 6 - CAPITAL ASSETS

Capital asset activity for the District for the fiscal year ended June 30, 2018, was as follows:

	Balance Beginning of Year	Additions	Deductions	Balance End of Year
Capital Assets Not Being Depreciated				
Land	\$ 10,517,966	\$ -	\$ (3,647,584)	\$ 6,870,382
Construction in progress	33,055,350	10,872,796	(8,615,769)	35,312,377
Collectibles	1,697,400	-	-	1,697,400

NOTE 7- LONG-TERM OBLIGATIONS

Summary

The changes in the District's long-term obligations during the 2018 fiscal year consisted of the following:

	Balance Beginning of Year	Additions	Deductions	Balance End of Year	Due in One Year
Bonds and Certificates of Participation					
General obligation bonds	\$ 340,100,000	\$ 199,350,000	\$ 126,430,000	\$ 413,020,000	\$ 16,830,000
Bond issuance premiums	21,149,892	22,599,601	9,513,068	34,236,425	3,627,657
Subtotal	361,249,892	221,949,601	135,943,068	447,256,425	20,457,657
Certificates of participation	700,000	-	260,000	440,000	275,000
Certificates of participation issuance premiums	3,726	-	1,242	2,484	1,242
Total Bonds and Certificates of Participation	<u>\$ 361,953,618</u>	<u>\$ 221,949,601</u>	<u>\$ 136,204,310</u>	<u>\$ 447,698,909</u>	<u>\$ 20,733,899</u>

Description of Debt

General obligation bonds were approved by local elections in 2002 and 2008. The total amount approved by the voters was \$740,000,000. At June 30, 2018, \$520,000,000 had been issued and \$413,020,000 was outstanding. Interest rates on the bonds are range from 2.00 to 6.40 percent.

The certificates of participation were issued in May 2006 in the amount of \$7,055,000 to fund projects throughout the District. At June 30, 2018, \$440,000 was outstanding. The certificates originally matured through June 1, 2031, however the issuance included a prepayment option, which the District chose to exercise during the fiscal year ended June 30, 2015, which has reduced the payment period. The District's remaining COP payments mature through June 2020. Interest rates on the notes are 3.75 to 4.75 percent.

On November 30, 2017, the District issued 2017 General Obligation Refunding Bonds (2017 Refunding) in the amount of \$106,850,000, with interest rates ranging from 2% to 5%, to advance refund \$110,710,000 of the 2008 Issue, Series A Bonds. The District completed the refunding to obtain an economic gain (difference between the present value of the old and new debt service payments) of \$12,837,538 in aggregate. The refunding decreased debt service payments by \$14,412,720 over the term of the debt. The District defeased the bonds by placing proceeds of the 2017 Refunding in an irrevocable escrow account to provide for future debt service, accordingly the assets and liabilities for the Defeased Bonds are not included in the Statement of Net Position. The Escrow Agent will redeem those Defeased Bonds maturing August 1, 2021 and thereafter, at a redemption price equal to 100% of par, on August 1, 2020, which is the first optional redemption date.

Total	<u>\$ 440,000</u>	<u>\$ 25,575</u>	<u>\$ 465,575</u>

Lease and Joint Use Agreement

In November 2008, The District executed Construction Site and Facilities Lease agreements with McCuen Project Services, Inc. to construct a parking facility at Cosumnes River College. In conjunction with this project, on November 4, 2011, the District executed a Lease and Joint Use Agreement with the Sacramento Regional transit District (RT) to lease the multi-level parking structure to RT. The District and RT have agreed to make joint use of the parking structure and adjacent surface parking. RT's payments are the cost of construction. The term of the lease, which commenced in September 2015, is for 51 years with the option to extend for two consecutive 5-year terms. The parking structure was completed and opened in June 2013.

Other Post Employment Benefits (OPEB)

OPEB Plan Administration

The District administers the Los Rios Community College District Retiree Health Benefit Plan (OPEB Plan), a single-employer defined benefit healthcare plan. The Board established the Los Rios Community College District Retiree Health Benefits Trust (OPEB Trust). The Board appointed the members of the Los Rios Community College District Retiree Health Benefits Trust Oversight Committee (Committee) to manage, direct and control the OPEB Trust. The Committee members consists of the Deputy Chancellor, the Associate Vice Chancellor, Finance, the Confidential Senior Financial Analyst and two members of the District's Insurance Review Committee. The Board appointed Wells Fargo Bank, N.A. to serve as the trustee and investment manager of the OPEB Trust. The OPEB Trust is used for the purposes of investment and disbursement of funds irrevocably designated by the District to fund future other post-employment benefits (OPEB).

OPEB Trust Financial Report

Detailed information about the OPEB Plan's fiduciary net position is available in the separately issued OPEB Trust financial report, which may be obtained from the District.

OPEB Plan Membership

As of the measurement date, June 30, 2017, the OPEB Plan membership consisted of the following:

Retired employees receiving benefits	1,007
Retired employees entitled to but not receiving benefits	-
Participating active employees	<u>1,949</u>
Total	<u>2,956</u>

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Contributions

The District provides contributions on a pay-as-you-go basis and contributes to the OPEB Trust. The contribution requirements of the District are established and may be amended by the Board and by contractual agreement with employee groups. The District’s OPEB Plan members are not required to contribute to the OPEB Plan. During the year ended June 30, 2018, the District contributed \$3,200,000 to the OPEB Trust. The District’s benefit payments on a pay-as-you-go basis during the year ended June 30, 2018 were \$3,015,867, which were reimbursed by the OPEB Trust.

Benefits Provided

The District’s benefits provided to retirees are based on Government Code sections collectively known as Public Employees' Medical & Hospital Care Act (PHMHCA), which vary among different collective bargaining agreements. The following is a description of the current OPEB Plan benefits.

	<u>LRCEA</u>	<u>LRSA</u>	<u>LRCFT</u>	<u>SEIU</u>	<u>Management and Confidential</u>

Actuarial Assumptions

To develop the total OPEB liability at the beginning of the measurement period (June 30, 2016) the actuary rolled back the results of the June 1, 2017 valuation. The total OPEB liability was determined by an actuarial valuation as of June 30, 2017, using the following actuarial methods and assumptions, applied to all periods included in the measurement, unless otherwise specified.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Valuation date	June 1, 2017
Measurement date	June 30, 2017
Funding method	Entry-age normal cost, level percent of pay
Asset valuation method	Market value of assets
Actuarial assumptions:	
Discount rate	5.00%
General inflation rate	2.75%
Salary increases ⁽¹⁾	3.25%
Long-term return on assets ⁽²⁾	5.00%
Mortality - Classified ⁽³⁾	CalPERS' Membership Data
Mortality - Certificated ⁽⁴⁾	CalSTRS' Membership Data
Health care cost trend rates ⁽⁵⁾	5-8%

⁽¹⁾ Since benefits do not depend on salary, this is used only to allocate the costs of benefits between service years.

⁽²⁾ Net of OPEB Plan investment expense; includes inflation.

⁽³⁾ The mortality table used was developed based on CalPERS-specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, refer to the April 2014 experience study report.

⁽⁴⁾ CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are based on RP2000 series tables adjusted to fit CalSTRS experience. RP2000 series tables are adjusted to fit CalSTRS specific experience through June 30, 2015. See CalSTRS July 1, 2006 – June 30, 2010 Experience Analysis and June 30, 2015 Actuary Program Valuations for more information.

⁽⁵⁾ Assumed to start at 8% and grade down to 5% for years 2024 and thereafter.

The long-term expected rate of return on the OPEB Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of the OPEB Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and added expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2017 are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Equities	9.24%
Fixed Income	2.88%

Discount Rate

The discount rate used to measure the total OPEB liability was 5.00%. The projection of cash flows used to determine the discount rate assumed that the District continues to make regular, sufficient contributions to the OPEB Trust in order to prefund the total OPEB liability. Based on those assumptions, the OPEB Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current OPEB Plan members. Therefore, the long-term expected rate of return on OPEB Plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the District recognized OPEB expense of \$1,152,586. At June 30, 2018, the District reported deferred outflows of resources from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on OPEB Plan investments		\$ 1,262,299
OPEB contributions subsequent to the measurement date	\$ 3,377,713	
Total	<u>\$ 3,377,713</u>	<u>\$ 1,262,299</u>

The deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as an addition to the net OPEB asset in the subsequent fiscal year. The deferred outflows/(inflows) of resources related the net differences between projected and actual earnings on OPEB Plan investments will be recognized in OPEB expense as follows:

Year Ended June 30,	Deferred Outflows (Inflows) of Resources
2019	\$ (315,575)
2020	(315,575)
2021	(315,575)
2022	(315,574)

NOTE 8 – LEASE REVENUE BONDS

The District and the State of California have entered into financing arrangements under which the State provides funds for the construction of certain facilities. The funds are proceeds of lease revenue bonds issued by the State of California, Public Works Board (the Board). The bonds are a special obligation of the Board payable from State General Fund revenues appropriated to the California Community Colleges Board of Governors who therein made adequate provision in the annual budget of the State for the services of such bonds. However, in the unlikely event that the State could not pay the semi-annual installment payment, the District would be responsible for the payments attributable to the District’s facilities. No amounts had been accrued for any contingent payments at June 30, 2018.

These facilities are included in the District’s capital assets on the Statement of Net Position. The Board leases the facilities contributed with these bonds to the District. Upon full repayment of the associated bonds, title to the facilities conveys to the District. The following facilities that were constructed under the provisions described above and have minimum annual payments remaining at June 30, 2018 were as follows:

Facility	Lease Term	Proceeds From State	Funding Year	Minimum Annual Payments
Cosumnes River College Fine Arts Complex	1993-2019	\$ 8,021,000	1993-94	\$792,955 to \$806,781
Folsom Lake College Instructional Facilities IB	2005-2030	\$ 36,841,000	2001-02	\$809,709 to \$2,499,000

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 9 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Estimated losses and changes in prior year reserve balances are expensed in the current period.

Property and Liability

The District is self-insured for property damage and liability on the first \$100,000 and \$250,000 of each claim, respectively. Coverage in excess of self-insurance limits for property damage and liability up to \$250,250,000 and \$55,000,000, respectively, are provided by pooled insurance as members of two joint powers authorities of California community colleges and school districts.

<u>Type of Coverage</u>	<u>District Deductible</u>	<u>JPA Coverage</u>	<u>Excess Insurance</u>
Property	\$100,000	SWACC \$100,001 to \$250,000	SAFER \$250,001 to \$250,250,000
Liability	\$250,000	SWACC \$250,001 to \$5,000,000	SELF \$5,000,001 to \$55,000,000

Workers' Compensation

The District is self-insured for workers' compensation claims on the first \$500,000 of each claim. Coverage in excess of self-insurance limits for workers' compensation is purchased through an insurance broker.

Joint Powers Authority Risk Pools

During fiscal year ended June 30, 2018, the District participated in the Schools Excess Liability Fund (SELF). SELF is a joint powers authority (JPA) created to provide services and other items necessary and appropriate for the establishment, operation, and maintenance of a self-funded excess liability fund for public education agencies, which are parties thereto. Should excess liability claims exceed amounts funded to SELF by all participants, the District may be required to provide additional funding.

The District is also a participant in the Statewide Association of Community Colleges (SWACC). SWACC is a JPA established for the purpose of providing the services, facilities, and items necessary and appropriate for the establishment, operation, and maintenance of a self-insurance system for property and liability claims and losses against public educational agencies who are members thereto. Should property claims exceed amounts funded by SWACC by all participants, the District may be required to provide additional funding. Should liability claims exceed established SWACC limits, the District has excess coverage with SELF. SWACC also provides for additional insurance and risk management programs and services as well as a forum for discussion, study, development, and implementation of recommendations of mutual interest regarding self-insurance for losses and other insurance and risk management programs and services. SELF and SWACC are independently accountable for their fiscal matters and are not component units of the District for financial reporting purposes.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Claims Liabilities

The District records an estimated liability for indemnity torts and other claims against the District. Claims liabilities are based on estimates of the ultimate costs of reported claims (including future claim adjustment expenses) and an estimate for claims incurred, but not reported based on historical experience.

The District establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represent the changes in approximate aggregate liabilities for the District from July 1, 2016 to June 30, 2018:

Liability Balance, July 1, 2016	\$ 8,807,549
Claims and changes in estimates	3,598,868
Claims payments	<u>(1,446,281)</u>
Liability Balance, June 30, 2017	10,960,136
Claims and changes in estimates	504,379
Claims payments	<u>(1,479,612)</u>
Liability Balance, June 30, 2018	<u>\$ 9,984,903</u>
Assets Available to Pay Claims at June 30, 2018	<u><u>\$ 11,515,321</u></u>

NOTE 10 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of CalSTRS and classified employees are members of CalPERS.

For the fiscal year ended June 30, 2018, the District reported the net pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources for each of the above plans as follows:

	Collective Net Pension Liability	Collective Deferred Outflows of Resources	Collective Deferred Inflows of Resources	Collective Pension Expense
CalSTRS	\$ 218,378,653	\$ 69,661,950	\$ 19,490,779	\$ 23,303,219
CalPERS	138,304,139	42,671,733	14,175,427	19,590,731
Total	<u>\$ 356,682,792</u>	<u>\$ 112,333,683</u>	<u>\$ 33,666,206</u>	<u>\$ 42,893,950</u>

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the State Teachers' Retirement Plan (STRP) administered by CalSTRS. STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2016, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publically available reports that can be found on the CalSTRS website under Publications at:

<https://www.calstrs.com/actuarial-financial-and-investor-information>.

Benefits Provided

The STRP provides retirement, disability, and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age, and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program, and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State is the sponsor of the STRP and obligor of the trust. In addition, the State is both an employer and nonemployer contributing entity to the STRP.

The District contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans.

The STRP provisions and benefits in effect at June 30, 2018, are summarized as follows:

	STRP Defined Benefit Program	
	On or before December 31, 2012	On or after January 1, 2013
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	9.205%
Required employer contribution rate	14.43%	14.43%
Required State contribution rate	9.328%	9.328%

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Contributions

Required member, District, and State of California contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2018, are presented above, and the District's total contributions were \$19,566,444.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS for the fiscal years ended June 30, 2018, 2017, and 2016, which amounted to \$11,200,313, \$7,647,083, and \$9,183,320, respectively, (9.328 percent) of salaries subject to CalSTRS. Contributions are no longer appropriated in the annual *Budget Act* for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution rate for CalPERS. No contributions were made for CalPERS for the years ended June 30, 2018, 2017, and 2016. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. These amounts have been reflected in the basic financial statements as a component of operating revenue and employee benefit expense.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

Total net pension liability, including State share:	
District's proportionate share of net pension liability	\$ 218,378,653
State's proportionate share of net pension liability associated with the District	<u>129,190,966</u>
Total	<u>\$ 347,569,619</u>

The net pension liability was measured as of June 30, 2017. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating college districts and the State, actuarially determined. The District's proportionate share for the measurement periods of June 30, 2017 and June 30, 2016, was 0.2361 percent and 0.2512 percent, respectively, resulting in a net decrease of 0.0151 percent in the proportionate share.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

For the year ended June 30, 2018, the District recognized pension expense of \$23,303,219. In addition, the District recognized pension expense and revenue of \$11,200,313 for support provided by the State. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 19,566,444	\$ -
Net change in proportionate share of net pension liability	8,830,725	9,865,872
Differences between projected and actual earnings on pension plan investments	-	5,816,032
Differences between expected and actual experience in the measurement of the total pension liability	807,585	3,808,875
Change of assumptions	40,457,196	
Total	<u>\$ 69,661,950</u>	<u>\$ 19,490,779</u>

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred inflows of resources related to the difference between projected and actual earning on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Inflows of Resources
2019	\$ (4,835,083)
2020	3,658,731
2021	527,568
2022	(5,167,248)

The deferred outflow/inflows of resources related to the net change in proportionate share of net pension liability, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is seven years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows (Inflows) of Resources
2019	\$ 6,555,850
2020	6,555,850
2021	6,555,850
2022	6,555,851
2023	4,964,209
2024	5,233,149

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2016, and rolling forward the total pension liability to June 30, 2017. The financial reporting actuarial valuation as of June 30, 2016, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2016
Measurement date	June 30, 2017
Experience study	July 1, 2010 through June 30, 2015
Actuarial cost method	Entry age normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance-PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in February 2017 in conjunction with the most recent experience study. For each future valuation, CalSTRS consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometrically-linked real rates of return and the assumed asset allocation for each major asset class for the year ended June 30, 2017, are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global equity	47%	6.30%
Fixed income	12%	0.30%
Real estate	13%	5.20%
Private equity	13%	9.30%
Absolute Return	9%	2.90%
Inflation sensitive	4%	3.80%
Cash / liquidity	2%	-1.00%

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Discount Rate

The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount Rate</u>	<u>Net Pension Liability</u>
1% decrease (6.10%)	\$ 320,649,192
Current discount rate (7.10%)	\$ 218,378,653
1% increase (8.10%)	\$ 135,379,180

California Public Employees' Retirement System (CalPERS)

Plan Description

Qualified employees are eligible to participate in the School Employer Pool (SEP) under CalPERS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2016, annual actuarial valuation report, Schools Pool Actuarial Valuation, 2015. This report and CalPERS audited financial information are publically available reports that can be found on the CalPERS website under Forms and Publications at: <https://www.calpers.ca.gov/page/employers/actuarial-services/gasb>.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor, and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or age 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

The CalPERS provisions and benefits in effect at June 30, 2018, are summarized as follows:

	School Employer Pool (CalPERS)	
	On or before December 31, 2012	On or after January 1, 2013
Hire date		
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.00%	6.50%
Required employer contribution rate	15.531%	15.531%

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contribution rates are expressed as a percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2018, are presented above, and the total District contributions were \$12,730,993.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2018, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$138,304,139. The net pension liability was measured as of June 30, 2017. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating college districts, actuarially determined. The District's proportionate share for the measurement periods of June 30, 2017 and June 30, 2016, was 0.5793 percent and 0.6079 percent, respectively, resulting in a net decrease in the proportionate share of 0.0286 percent.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

For the year ended June 30, 2018, the District recognized pension expense of \$19,590,731. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to measurement date	\$ 12,730,993	\$ -
Net change in proportionate share of net pension liability	-	12,547,067
Difference between projected and actual earnings on pension plan investments	4,784,377	-
Differences between expected and actual experience in the measurement of the total pension liability	4,954,868	-
Changes of assumptions	20,201,495	1,628,360
Total	<u>\$ 42,671,733</u>	<u>\$ 14,175,427</u>

The deferred outflow of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>Deferred Outflows of Resources</u>
2019	\$ (129,640)
2020	5,520,133
2021	2,013,807
2022	(2,619,923)

The deferred outflows/inflows of resources related to the net change in proportionate share of net pension liability, changes of assumptions, and differences between expected and actual experience in the measurement of the total pension liability will be amortized over the EARSL of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 3.9 years and will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>Deferred Outflows (Inflows) of Resources</u>
2019	\$ 2,272,994
2020	2,804,040
2021	5,903,902

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Actuarial Methods and Assumptions

Total pension liability for the SEP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2016, and rolling forward the total pension liability to June 30, 2017. The financial reporting actuarial valuation as of June 30, 2016, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2016
Measurement date	June 30, 2017
Experience study	July 1, 1997 through June 30, 2011
Actuarial cost method	Entry age normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.75%
Wage growth	Varies by entry age and services

The mortality table used was developed based on CalPERS-specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations, as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global equity	47%	5.38%
Global fixed income	19%	2.27%
Inflation assets	6%	1.39%
Private equity	12%	6.63%
Real estate	11%	5.21%
Infrastructure and Forestland	3%	5.36%
Liquidity	2%	-0.90%

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the School Employer Pool fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount Rate</u>	<u>Net Pension Liability</u>
1% decrease (6.15%)	\$ 203,489,709
Current discount rate (7.15%)	\$ 138,304,139
1% increase (8.15%)	\$ 84,227,251

Tax Deferred Compensation

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (CalSTRS or CalPERS) must be covered by Social Security or an alternative plan. The District has elected to the Public Agency Retirement Services (PARS) system.

The District offers its employees a Public Agency Retirement System (PARS) administered 457 Deferred Compensation Program (the Program). The Plan participants are individuals employed in certain classified assignments who have worked for the District on or after July 1, 2008, provided that they are not covered by any other retirement program such as CalPERS or CalSTRS through District employment. The Plan requires a contribution of at least 7.5% of wages. The Contribution is split evenly with the employees contributing 3.75% and the District contributing 3.75%. The plan results in savings for both employees and the District. The District's contribution to the Plan for the fiscal year ended June 30, 2018 was \$373,524. Accounts are established in the name of each participant. Contributions are allocated directly to employee accounts. Participant account balances are fully vested and non-forfeitable. Participant account balances will be paid in a single distribution or direct rollover to another eligible retirement plan designed by the participant upon retirement or other termination. PARS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the PARS annual financial report may be obtained from PARS, 5141 California Avenue, Suite 150, Irvine, California 92617-3069.

The District also contributes to the Los Rios Community College District 403(b) Tax Deferred Annuity Plan (TDA), which is a defined contribution pension plan. A defined contribution pension plan provides pension benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive. Under a defined contribution pension plan, the benefits a participant will receive depend solely on the amount contributed to the participant's account, the returns earned on investments of those contributions, and forfeitures of other participants' benefits that may be allocated to such participant's account.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 11 - COMMITMENTS AND CONTINGENCIES

Grants

The District receives financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2018.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2018.

Construction Commitments

As of June 30, 2018, the District had \$29,506,929 of commitments with respect to the unfinished capital projects. The projects are funded through a combination of general obligation bonds and capital project apportionments from the California State Chancellor's Office.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2018

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Changes in the District's Net OPEB Asset

This schedule presents information on the District's changes in the net OPEB asset, including beginning and ending balances, the Plan's fiduciary net position, and the net OPEB asset. In the future, as data becomes available, ten years of information will be presented.

Schedule of the District's Proportionate Share of the Net Pension Liability

This schedule presents information on the District's proportionate share of the net pension liability (NPL), the plans' fiduciary net positions and, when applicable, the State's proportionate share of the NPL associated with the District. In the future, as data becomes available, ten years of information will be presented.

Changes in Benefit Terms - There were no changes in benefit terms since the previous valuations for both CalSTRS and CalPERS.

Changes in Assumptions - The CalSTRS plan rate of investment return assumption was changed from 7.60 percent to 7.10 percent since the previous valuation. The CalPERS plan rate of investment return assumption was changed from 7.65 percent to 7.15 percent since the previous valuation.

Schedule of District Contributions

This schedule presents information on the District's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution. In the future, as data becomes available, ten years of information will be presented.

SUPPLEMENTARY INFORMATION

LOS RIOS COMMUNITY COLLEGE DISTRICT

DISTRICT ORGANIZATION

JUNE 30, 2018

Los Rios Community College District was established on July 1, 1964 and commenced operations on July 1, 1965 and is comprised of an area of approximately located in the areas served in El Dorado, Placer, Sacramento, Solano, and Yolo Counties. There were no changes in the boundaries of the District during the current year. The District's colleges are accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, which is one of six regional associations that accredit public and private schools, colleges, and universities in the United States.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO SUPPLEMENTARY INFORMATION JUNE 30, 2018

NOTE 1 - PURPOSE OF SCHEDULES

District Organization

This schedule provides information about the District's governing board members and administration members.

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (Part 200), *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The District has not elected to use the ten percent de minimis cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

Schedule of Expenditures of State Awards

The accompanying Schedule of Expenditures of State Awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The information in this schedule is presented to comply with reporting requirements of the California State Chancellor's Office.

Schedule of Workload Measures for State General Apportionment Annual (Actual) Attendance

FTES is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds, including restricted categorical funding, are made to community college districts. This schedule provides information regarding the annual attendance measurements of students throughout the District.

Reconciliation of *Education Code* Section 84362 (50 Percent Law) Calculation

ECS 84362 requires the District to expend a minimum of 50 percent of the unrestricted General Fund monies on salaries of classroom instructors. This is reported annually to the State Chancellor's Office. This schedule provides a reconciliation of the amount reported to the State Chancellor's Office and the impact of any audit adjustments and/or corrections noted during the audit.

Reconciliation of Annual Financial and Budget Report (CCFS-311) With Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the District's internal fund financial statements.

Proposition 30 Education Protection Account (EPA) Expenditure Report

This schedule provides the District's summary of receipts and uses of the monies received through the EPA.

LOS RIOS COMMUNITY COLLEGE DISTRICT

NOTES TO SUPPLEMENTARY INFORMATION JUNE 30, 2018

Reconciliation of Governmental Funds to the Statement of Net Position

This schedule provides a reconciliation of the adjustments necessary to bring the District's internal fund financial statements, prepared on a modified accrual basis, to the entity-wide full accrual basis financial statements required under GASB Statements No. 34 and No. 35 business-type activities reporting model.

INDEPENDENT AUDITOR'S REPORTS

VAVRINEK, TRINE, DAY & CO., LLP

VALUE THE *difference*

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees
Los Rios Community College District
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, the aggregate discretely presented component unit, and the aggregate remaining fund information of Los Rios Community College District (the District) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 3, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Trustees
Los Rios Community College District
Sacramento, California

Report on Compliance for Each Major Federal Program

We have audited Los Rios Community College District's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the year ended June 30, 2018. The District's major Federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with Federal statutes, regulations, and the terms and conditions of its Federal awards applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Trustees
Los Rios Community College District
Sacramento, California

Report on State Compliance

We have audited Los Rios Community College District's (the District) compliance with the types of compliance requirements as identified in the 2017-2018 California Community Colleges Chancellor's Office *District Audit Manual* that could have a direct and material effect on each of the District's State programs as noted below for the year ended June 30, 2018.

Management's Responsibility

Management is responsible for compliance with State laws and regulations, and the terms and conditions of its State awards applicable to its State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of each of the District's State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the standards and procedures identified in the 2017-2018 California Community Colleges Chancellor's Office *District Audit Manual*. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above could have a material effect on the applicable programs noted below. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions. Our audit does not provide a legal determination of the District's compliance with those requirements.

Unmodified Opinion for Each of the Programs

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the State programs noted below that were audited for the year ended June 30, 2018.

Other Matters

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with State laws and regulations applicable to the following:

Section 421	Salaries of Classroom Instructors (50 Percent Law)
Section 423	Apportionment for Instructional Service Agreements/Contracts
Section 424	State General Apportionment Funding System
Section 425	Residency Determination for Credit Courses
Section 426	Students Actively Enrolled
Section 427	Dual Enrollment (CCAP and Non-CCAP)
Section 428	Student Equity
Section 429	Student Success and Support Program (SSSP) Funds
Section 430	Schedule Maintenance Program
Section 431	Gann Limit Calculation
Section 435	Open Enrollment
Section 439	Proposition 39 Clean Energy Fund
Section 440	Intersession Extension Programs
Section 444	Apprenticeship Related and Supplemental Instruction (RSI) Funds
Section 475	Disabled Student Programs and Services (DSPS)
Section 479	To Be Arranged Hours (TBA)
Section 490	Proposition 1D and 51 State Bond Funded Projects
Section 491	Education Protection Account Funds

The District reports no To Be Arranged Hours (TBA); therefore, the compliance tests within this section were not applicable.

NOTE TO UNAUDITED SUPPLEMENTARY INFORMATION JUNE 30, 2018

NOTE 1 - PURPOSE OF SCHEDULES

Fund Financial Statements

The accompanying financial statements report the governmental, proprietary, and fiduciary fund activities of the District and are presented on the modified accrual basis of accounting. Therefore, some amounts presented in these financial statements may differ from amounts presented in, or used in, the preparation of the basic financial statements. The information is not a required component of the financial statements in accordance with GASB Statements No. 34 and No. 35 and is presented at the request of the District management.

Schedule of Funding and Property Tax Assessments

The Schedule of Funding and Property Tax Assessments includes information on the District's current year assessed valuation of taxable properties in the District, including assessed valuation of the top ten properties.

VALUE THE *difference*

To the Board of Trustees and Management of
Los Rios Community College District

We have audited the financial statements of the Measure A bond resources of Los Rios Community College District for the year ended June 30, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 11, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Los Rios Community College District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year ended June 30, 2018. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates for the Measure A bond resources.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No such items were noted.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 3, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Trustees and management of Los Rios Community College District and is not intended to be and should not be used by anyone other than these specified parties.

Report on the Financial Statements

We have audited the accompanying financial statements of the Los Rios Community College District's (the District), Measure A Building Fund General Obligation Bonds, and the related notes to the financial statements, as of and for the year ended June 30, 2018, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to error or fraud. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure A Building Fund General Obligation Bonds of the Los Rios Community College District at June 30, 2018, and the changes in financial position for the period then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Measure A Building Fund specific to General Obligation Bonds, and are not intended to present fairly the financial position and the changes in financial position of Los Rios Community College District in conformity with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2018, on our consideration of the District Measure A Building Fund General Obligation Bond's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Building Fund, Measure A internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Los Rios Community College District Building Fund (Measure A) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants. The Los Rios Community College District Building Measure A Fund accounts for financial transactions in accordance with the policies and procedures of the California Community Colleges Budget and Accounting Manual.

Financial Reporting Entity

The financial statements include only the Building Fund of the Los Rios Community College District used to account for Measure A projects. This Fund was established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds Election of 2002. The authorized issuance amount of the bonds is \$265,000,000. Through June 30, 2018, bonds totaling \$265,000,000 have been issued.

These financial statements are not intended to present fairly the financial position and results of operations of the Los Rios Community College District in compliance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the Measure A Building Fund are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The Measure A Building Fund is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. For the District, available generally means expected to be received within 60 days of year end. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

LOS RIOS COMMUNITY COLLEGE DISTRICT BUILDING FUND (MEASURE A)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances lapse at June 30.

Fund Balances - Governmental Funds

As of June 30, 2018, fund balances of the governmental funds are classified as follows:

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of the governing board. The governing board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the governing board.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, only the governing board or chief business officer may assign amounts for specific purposes.

Unassigned – all other spendable amounts.

Spending Order

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE A)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 2 – CASH, CASH EQUIVALENTS, AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instrument; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreement; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security, and collateralized mortgage obligations.

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statement at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

The District's investment policy follows State code to limit its credit, interest rate, and concentration of credit risks. *California government Code*, Section 53601 reduces credit risk by limiting investments in commercial paper to "prime" quality of the highest ranking or of the highest letter and numerical rating as provided by nationally recognized statistical rating organizations, and limits investments in medium-term notes to a rating of A or better. Individual securities must be backed by the federal government or rated AAA, AA, or A by Standard & Poor's or Aaa, Aa, or A by Moody's indices. Section 53061 reduces interest rate risk by limiting investments to maturities of five years, unless the District Board has granted express authority to make that investment no less than three months prior to the investment. Section 53601 and 53635 reduces concentration credit risk by limiting the concentration of an investment in a single issuer to less than 5% of its total investment balance.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury Pool. The District maintains a building fund investment of \$27,706,240 with the County of Sacramento Treasury Pool. The fair value of this investment is approximately \$27,631,433 with an average maturity of 309 days.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE A)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 3 - FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs, other than Level 1 prices, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the Sacramento County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The fair value measurements are as follows at June 30, 2018:

Investment Type	Fair Value	Fair Value Measurements Using			Uncategorized
		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	
County Treasury Pool	\$ 27,631,433	\$ -	\$ -	\$ -	\$ 27,631,433

NOTE 4 - COMMITMENTS AND CONTINGENCIES

As of June 30, 2018, the Measure A Building Fund had no commitments with respect to unfinished capital projects.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Measure A funds at June 30, 2018.

INDEPENDENT AUDITOR'S REPORT

VAVRINEK, TRINE, DAY & CO., LLP
Certified Public Accountants

VALUE THE *difference*

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*.**

Governing Board and
Citizens Oversight Committee
Los Rios Community College District
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Los Rios Community College District (the District) Measure A Building Fund General Obligation Bonds, and the related notes of the financial statements, as of and for the year ended June 30, 2018, and have issued our report thereon dated December 3, 2018.

As discussed in Note 1, the financial statements present only the Building Fund specific to Measure A General Obligation Bonds, and are not intended to present fairly the financial position and changes in financial position of Los Rios Community College District in conformity with accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Los Rios Community College District's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Los Rios Community College District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Los Rios Community College District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Los Rios Community College District's Measure A Building Fund General Obligation Bonds financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON PERFORMANCE

Governing Board and
Citizens Oversight Committee
Los Rios Community College District
Sacramento, California

We were engaged to conduct a performance audit of the Los Rios Community College District Measure A Building Fund for the year ended June 30, 2018.

We conducted this performance audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the Districts compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the Measure A Building Fund's internal control in order to determine if the internal controls were adequate to help ensure the Fund's compliance with the requirements of Proposition 39 and outlined in Article XIII A, Section 1 (b)(3)(C) of the California Constitution, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the District Measure A Building Fund's internal control.

The results of our tests indicated that the Los Rios Community College District Measure A Building Fund expended Proposition 39 General Obligation Bond funds only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Article XIII A, Section 1 (b)(3)(C) of the California Constitution.

Vavrinek, Trine, Day & Co LLP

Pleasanton, California
December 3, 2018

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE A)**

JUNE 30, 2018

AUTHORITY FOR ISSUANCE

The Measure A Bonds are issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California Education Code, and other applicable provisions of law.

The District received authorization at an election held on March 2002, to issue bonds of the District in an aggregate principal amount not to exceed \$265,000,000, to finance specific construction and renovation projects approved by eligible voters within the District. The proposition required approval by at least 55 percent of the votes cast by eligible voters within the District (the 2002 Authorization).

PURPOSE OF ISSUANCE

The net proceeds of the Bonds and any other series of general obligation bonds issued under the Authorization will be used for the purposes specified in the District bond proposition submitted at the Election.

The purpose of the Bond is as follows:

“... for building and repairing classrooms and facilities; upgrading academic and vocational education programs including computer sciences, electronics, nursing and high-tech training facilities; upgrading libraries; building new classrooms to reduce overcrowding, and making building safety improvements at the American River, Cosumnes River, El Dorado, Folsom, and Sacramento City College campuses.”

AUTHORITY FOR THE AUDIT

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55 percent of the electorate. In addition to reducing the approval threshold from two-thirds to 55 percent, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in Education Code sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.
2. The district must list the specific school facilities projects to be funded in the ballot measure, and must certify that the governing board has evaluated safety, class size reduction and information technology needs in developing the project list.
3. Requires the district to appoint a citizen's oversight committee.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE A)**

JUNE 30, 2018

4. Requires the district to conduct an annual independent financial audit and performance audit in accordance with the Government Auditing Standards issued by the Comptroller General of the United States of the bond proceeds until all of the proceeds have been expended.
5. Requires the district to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

OBJECTIVES OF THE AUDIT

1. Determine whether expenditures charged to the Measure A Fund have been made in accordance with the bond project list approved by the voters through the approval of Measure A.
2. Determine whether salary transactions charged to the Measure A Fund, if any, were in support of Measure A and not for District general administration or operations.

SCOPE OF THE AUDIT

The scope of our performance audit covered the period of July 1, 2017 to June 30, 2018. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2018 were not reviewed or included within the scope of our audit or in this report.

PROCEDURES PERFORMED

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2018 for the Measure A Building Fund. Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution and Proposition 39 as to the approved bond projects list. We performed the following procedures:

1. We selected a sample of expenditures for the period starting July 1, 2017 and ending June 30, 2018, and reviewed supporting documentation to ensure that such funds were properly expended on the specific projects listed in the ballot text.
2. Our sample included transactions totaling \$25,514. The \$25,514 tested represents 100 percent of the capital outlay and bond administrative cost expenditures of \$25,514.
3. We verified that funds from the Measure A Building Fund were expended for the construction, renovation, furnishing and equipping of District facilities constituting authorized bond projects. In addition, we verified that funds spent for salaries, if any, in the Measure A Building Fund were used for salaries of administrators only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004 by the State of California Attorney General.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE A)**

JUNE 30, 2018

CONCLUSION

The results of our tests indicated that, in all significant respects, the Los Rios Community College District has properly accounted for the expenditures held in the Measure A Building Fund and that such expenditures were made for authorized Bond projects.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING (MEASURE A)**

VALUE THE *difference*

To the Board of Trustees and Management of
Los Rios Community College District

We have audited the financial statements of the Measure M bond resources of Los Rios Community College District for the year ended June 30, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 11, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Los Rios Community College District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year ended June 30, 2018. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates for the Measure M bond resources.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No such items were noted.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 3, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Trustees and management of Los Rios Community College District and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

Governing Board and
Citizens Oversight Committee
Los Rios Community College District
Sacramento, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Los Rios Community College District's (the District), Measure M Building Fund General Obligation Bonds, and the related notes to the financial statements, as of and for the year ended June 30, 2018, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to error or fraud. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure M Building Fund General Obligation Bonds of the Los Rios Community College District at June 30, 2018, and the changes in financial position for the period then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Measure M Building Fund specific to General Obligation Bonds, and are not intended to present fairly the financial position and the changes in financial position of Los Rios Community College District in conformity with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2018, on our consideration of the District Measure M Building Fund General Obligation Bond's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Building Fund, Measure M internal control over financial reporting and compliance.

LOS RIOS COMMUNITY COLLEGE DISTRICT BUILDING FUND (MEASURE M)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Los Rios Community College District Building Fund (Measure M) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants. The Los Rios Community College District Building Measure M Fund accounts for financial transactions in accordance with the policies and procedures of the California Community Colleges Budget and Accounting Manual.

Financial Reporting Entity

The financial statements include only the Building Fund of the Los Rios Community College District used to account for Measure M projects. This Fund was established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds Election of 2008. The authorized issuance amount of the bonds is \$475,000,000. Through June 30, 2018, bonds totaling \$255,000,000 have been issued.

These financial statements are not intended to present fairly the financial position and results of operations of the Los Rios Community College District in compliance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the Measure M Building Fund are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The Measure M Building Fund is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. For the District, available generally means expected to be received within 60 days of year end. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

LOS RIOS COMMUNITY COLLEGE DISTRICT BUILDING FUND (MEASURE M)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances lapse at June 30.

Fund Balances - Governmental Funds

As of June 30, 2018, fund balances of the governmental funds are classified as follows:

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of the governing board. The governing board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the governing board.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, only the governing board or chief business officer may assign amounts for specific purposes.

Unassigned – all other spendable amounts.

Spending Order

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE M)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 2 – CASH, CASH EQUIVALENTS, AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instrument; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreement; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security, and collateralized mortgage obligations.

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statement at amounts based upon the District's pro-rata share of the fairly value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

The District's investment policy follows State code to limit its credit, interest rate, and concentration of credit risks. *California government Code*, Section 53601 reduces credit risk by limiting investments in commercial paper to "prime" quality of the highest ranking or of the highest letter and numerical rating as provided by nationally recognized statistical rating organizations, and limits investments in medium-term notes to a rating of A or better. Individual securities must be backed by the federal government or rated AAA, AA, or A by Standard & Poor's or Aaa, Aa, or A by Moody's indices. Section 53061 reduces interest rate risk by limiting investments to maturities of five years, unless the District Board has granted express authority to make that investment no less than three months prior to the investment. Section 53601 and 53635 reduces concentration credit risk by limiting the concentration of an investment in a single issuer to less than 5% of its total investment balance.

Summary of Deposits and Investments

Deposits and investments as of June 30, 2018, consist of the following:

	Amortized Cost	Fair Value
County Treasury Pool	\$ 16,609,439	\$ 16,564,594
Debt Security and Other Investments	50,000,007	50,321,732
	<u>\$ 66,609,446</u>	<u>\$ 66,886,326</u>

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury Pool.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE M)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

Segmented Time Distribution

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following schedule that shows the distribution of the District's investments by maturity:

Investment Type	Fair Value	Not Applicable	Maturity in Years	
			1-5	>5
County Treasury Pool	\$ 16,564,594	\$ 16,564,594	\$ -	\$ -
Debt Security and Other Investments	50,321,732	-	50,321,732	-
Total	<u>\$ 66,886,326</u>	<u>\$ 16,564,594</u>	<u>\$50,321,732</u>	<u>\$ -</u>

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code, the District's investment policy, or debt agreements, and the actual rating as of the year-end for each investment type.

Investment Type	Fair Value	Not Required To Be Rated	Rating as of Year End		
			AAA	Aa	Unrated
County Treasury Pool	\$ 16,564,594	\$ 16,564,594	\$ -	\$ -	\$ -
Debt Securities:					
United States Treasury Bill (USTB)	25,155,798	-	25,155,798	-	-
US Agencies:					
Federal Home Loan Mortgage Corporation (FHLMC)	25,165,020	-	25,165,020	-	-
Miscellaneous:					
Money market funds	914	-	-	-	914
Total	<u>\$ 66,886,326</u>	<u>\$ 16,564,594</u>	<u>\$50,320,818</u>	<u>\$ -</u>	<u>\$ 914</u>

Concentration

The investment policy contains no limitation on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. Investments in any one issuer that represent five percent or more of the total investments are as follows:

Investment Type	Issuer	Reported Amount
Debt Securities	United States Treasury Bill (USTB)	\$ 25,155,798
Debt Securities	Federal Home Loan Mortgage Corporation (FHLMC)	25,165,020

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE M)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 3 - FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs, other than Level 1 prices, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the Sacramento County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The fair value measurements are as follows at June 30, 2018:

Investment Type	Fair Value	Fair Value Measurements Using			Uncategorized
		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	
County Treasury Pool	\$ 16,564,594	\$ -	\$ -	\$ -	\$ 16,564,594
Debt Security and Other Investments	50,321,732	25,155,798	25,165,934	-	-
Total	<u>\$ 66,886,326</u>	<u>\$ 25,155,798</u>	<u>\$ 25,165,934</u>	<u>\$ -</u>	<u>\$ 16,564,594</u>

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE M)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 4 - COMMITMENTS AND CONTINGENCIES

As of June 30, 2018, the Measure M Building Fund had the following commitments with respect to unfinished capital projects:

MEASURE M PROJECTS	Remaining Construction Commitment
<i>American River College</i>	
Physical Education/Athletic Fields Improvements	\$ 16,372

Liberal Arts Building Modernization	1,150,033
Infrastructure for Liberal Arts Modernization (STEM)	58,441
Infrastructure - Main Storm Drain Extension	2,275
New Swing Space Portable - Liberal Arts (STEM)	196,838
CUP Upgrade Chiller-Infrastructure	31,800
Stadium Lighting Upgrade	4,750
South Well Decommission	19,200
<i>Consumnes River College</i>	
College Center Expansion	20,887,164
<i>Sacramento City College</i>	
Davis Center TAP Phase 2	115,049
Mohr Hall Modernization	655,942
Electrical Switch Gear Replacement	359,679
Swing Space Portable - Mohr Hall	25,438
Infrastructure - Mohr Hall Modernization	104,491
Davis Center Phase 2	526,621
<i>Districtwide</i>	
Infrastructure Projects	94,292
Workforce and Economic Development (WED) Facility	73,031
Security Improvements Phase 1A and 1B	666,470
	\$ 25,046,861

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Measure M funds at June 30, 2018.

INDEPENDENT AUDITOR'S REPORT

VAVRINEK, TRINE, DAY & CO., LLP
Certified Public Accountants

VALUE THE *difference*

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*.**

Governing Board and
Citizens Oversight Committee
Los Rios Community College District
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Los Rios Community College District (the District) Measure M Building Fund General Obligation Bonds, and the related notes of the financial statements, as of and for the year ended June 30, 2018, and have issued our report thereon dated December 3, 2018.

As discussed in Note 1, the financial statements present only the Building Fund specific to Measure M General Obligation Bonds, and are not intended to present fairly the financial position and changes in financial position of Los Rios Community College District in conformity with accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Los Rios Community College District's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Los Rios Community College District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Los Rios Community College District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Los Rios Community College District's Measure M Building Fund General Obligation Bonds financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON PERFORMANCE

Governing Board and
Citizens Oversight Committee
Los Rios Community College District
Sacramento, California

We were engaged to conduct a performance audit of the Los Rios Community College District Measure M Building Fund for the year ended June 30, 2018.

We conducted this performance audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the Districts compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the Measure M Building Fund's internal control in order to determine if the internal controls were adequate to help ensure the Fund's compliance with the requirements of Proposition 39 and outlined in Article XIII A, Section 1 (b)(3)(C) of the California Constitution, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the District Measure M Building Fund's internal control.

The results of our tests indicated that the Los Rios Community College District Measure M Building Fund expended Proposition 39 General Obligation Bond funds only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Article XIII A, Section 1 (b)(3)(C) of the California Constitution.

Vavrinek, Trine, Day & Co LLP

Pleasanton, California
December 3, 2018

LOS RIOS COMMUNITY COLLEGE DISTRICT BUILDING FUND (MEASURE M)

JUNE 30, 2018

AUTHORITY FOR ISSUANCE

The Measure M Bonds are issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California Education Code, and other applicable provisions of law.

The District received authorization at an election held in November 2008, to issue bonds of the District in an aggregate principal amount not to exceed \$475,000,000, to finance specific construction and renovation projects approved by eligible voters within the District. The proposition required approval by at least 55 percent of the votes cast by eligible voters within the District (the 2008 Authorization).

PURPOSE OF ISSUANCE

The net proceeds of the Bonds and any other series of general obligation bonds issued under the Authorization will be used for the purposes specified in the District bond proposition submitted at the Election.

The purpose of the Bond is as follows:

“... to improve student academic performance by building classrooms, facilities and labs throughout the district including for teacher green technologies; nursing and health care programs; architecture, engineering and construction management; computer sciences; early childhood development; and fire and policy public safety programs at the American River, Cosumnes River, El Dorado, Folsom, and Sacramento City College campuses.”

AUTHORITY FOR THE AUDIT

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55 percent of the electorate. In addition to reducing the approval threshold from two-thirds to 55 percent, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in Education Code sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.
2. The district must list the specific school facilities projects to be funded in the ballot measure, and must certify that the governing board has evaluated safety, class size reduction and information technology needs in developing the project list.
3. Requires the district to appoint a citizen's oversight committee.

LOS RIOS COMMUNITY COLLEGE DISTRICT BUILDING FUND (MEASURE M)

JUNE 30, 2018

4. Requires the district to conduct an annual independent financial audit and performance audit in accordance with the Government Auditing Standards issued by the Comptroller General of the United States of the bond proceeds until all of the proceeds have been expended.
5. Requires the district to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

OBJECTIVES OF THE AUDIT

1. Determine whether expenditures charged to the Measure M Fund have been made in accordance with the bond project list approved by the voters through the approval of Measure M.
2. Determine whether salary transactions charged to the Measure M Fund, if any, were in support of Measure M and not for District general administration or operations.

SCOPE OF THE AUDIT

The scope of our performance audit covered the period of July 1, 2017 to June 30, 2018. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2018 were not reviewed or included within the scope of our audit or in this report.

PROCEDURES PERFORMED

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2018 for the Measure M Building Fund. Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution and Proposition 39 as to the approved bond projects list. We performed the following procedures:

1. We selected a sample of expenditures for the period starting July 1, 2017 and ending June 30, 2018, and reviewed supporting documentation to ensure that such funds were properly expended on the specific projects listed in the ballot text.
2. Our sample included transactions totaling \$3,761,144. The \$3,761,144 tested represents 36 percent of the bond expenditures of \$10,326,330.
3. We verified that funds from the Measure M Building Fund were expended for the construction, renovation, furnishing and equipping of District facilities constituting authorized bond projects. In addition, we verified that funds spent for salaries, if any, in the Measure M Building Fund were used for salaries of administrators only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004 by the State of California Attorney General.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
BUILDING FUND (MEASURE M)**

JUNE 30, 2018

CONCLUSION

The results of our tests indicated that, in all significant respects, the Los Rios Community College District has properly accounted for the expenditures held in the Measure M Building Fund and that such expenditures were made for authorized Bond projects.

Los Rios Community College District Retiree Health Benefit Plan
Sacramento, California

We have audited the financial statements of the Los Rios Community College District Retiree Health Benefit Plan for the year ended June 30, 2017. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 11, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Los Rios Community College District Retiree Health Benefit Trust are described in Note 1 to the financial statements. Previously the trust activity was reported solely in the District audit report. This was the first year of separate audit reports for the trust. Accounting policies follow the policies of the District. We noted no transactions entered into by Los Rios Community College District Retiree Health Benefit Trust during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the OPEB Liability and related information is based on actuary studies performed for the District. We evaluated the key factors and assumptions used to develop the OPEB liabilities in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were noted.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representation

We have requested certain representations from management that are included in the management representation letter dated December 3, 2018.

Management Consultations with Other Independent Accountant

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Los Rios Community College District's Retiree Health Benefit Trust financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Los Rios Community College District Retiree Health Benefit Trust's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Restriction on Use

This information is intended solely for the information and use of Board of Trustees and management of Los Rios Community College District Retiree Health Benefit Trust and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Vavrinek, Trine, Day & Co, LLP

Los Rios Community College District Retiree Health Benefit Trust
Sacramento, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Los Rios Community College District Retiree Health Benefit Trust (the Trust), which comprise the statement of fiduciary net position, statement of changes in fiduciary net position, and the related notes as of and for the year ended June 30, 2017.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Trust's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Trust as of June 30, 2017, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require the Management's Discussion and Analysis, the Schedule of Changes in the Net OPEB Liability (Asset) and Related Ratios, the Schedule of Contributions for OPEB, the Schedule of OPEB Investment Returns, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

LOS RIOS COMMUNITY COLLEGE DISTRICT RETIREE HEALTH BENEFITS TRUST

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2017

The Los Rios Community College District (District) administers the Los Rios Community College District Retiree Health Benefit Plan (Plan), a single-employer defined benefit healthcare plan. The District's Board of Trustees (Board) established the Los Rios Community College District Retiree Health Benefits Trust (OPEB Trust). The Board appointed the members of the Los Rios Community College District Retiree Health Benefits Trust Oversight Committee (Committee) to manage, direct and control the OPEB Trust. The Board appointed Wells Fargo Bank, N.A. to serve as the trustee and investment manager of the OPEB Trust. The OPEB Trust is used for the purposes of investment and disbursement of funds irrevocably designated by the District to fund future other post-employment benefits (OPEB).

This section provides an overview and analysis of the financial activities of OPEB Trust for the fiscal year ended June 30, 2017. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and Audits of State and Local Governmental Units, issued by the American Institute of Certified Public Accountants (AICPA). The OPEB Trust reports as an other employee benefit trust fund, which reports resources required to be held in a fiduciary capacity for the members of the Plan.

The following discussion and analysis are intended to serve as an introduction to the OPEB Trust's financial statements, which comprises these components:

1. Statement of Fiduciary Net Position
2. Statement of Changes in Fiduciary Net Position
3. Notes to the Financial Statements

The Statement of Fiduciary Net Position is a snapshot of account balances at year-end. It indicates the assets available for future payments and any current liabilities that are owed at this time.

The Statement of Changes in Fiduciary Net Position, on the other hand, provides a view of current year additions to and deductions from the OPEB Trust.

These statements use the full accrual basis of accounting, which is similar to the accounting used by most private sector companies.

The statements report the OPEB Trust's net position held in an irrevocable trust account for retirees' medical benefits. Net position, the difference between assets and liabilities, is one way to measure the OPEB Trust's financial position. Over time, increases and decreases in net position is one indicator of whether the OPEB Trust's financial health is improving or deteriorating. Other factors, such as market conditions, should also be considered in measuring the OPEB Trust's overall health.

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
RETIREE HEALTH BENEFITS TRUST**

**MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

FINANCIAL HIGHLIGHTS

The net position of the OPEB Trust at June 30, 2017 was \$116,667,660. Net position is restricted for OPEB.

The OPEB Trust investment allocation at June 30, 2017 consisted of 63.8% fixed income, 34.7% equities and 1.5% cash and cash equivalents. For the year ended June 30, 2017, the annual money-weighted rate of return on investments was 6.035%.

The District provides benefits on a pay-as-you-go basis and contributes to the OPEB Trust. The District continues to prefund its total OPEB liability by contributing 100% or more of the actuarially determined contribution each year. The District contributions in conjunction with investment earnings have resulted in a net OPEB asset of \$9,609,706 at June 30, 2017.

During the year ended June 30, 2017, the District contributed \$3,200,000 to the OPEB Trust. The District’s benefit payments on a pay-as-you-go basis during the year ended June 30, 2017 were \$2,617,555, which were reimbursed by the OPEB Trust. The employer contributions and benefit payments, reflected in the Statement of Changes in Fiduciary Net Position, include an additional \$151,026 of actuarially determined indirect contributions and indirect payments to retirees, respectively. The indirect contributions/benefit payments to retirees are accounted for because retiree premiums are expected to be subsidized by active employee premiums.

In June 2015, GASB released new accounting standards, GASB statements 74 and 75, for public sector postretirement benefit programs and the employers that sponsor them. GASB statements 74 and 75 reflect a fundamental overhaul in the standards for accounting and financial reporting for OPEB. They replace GASB statements 43 and 45.

The financial statements of the OPEB Trust include the Plan’s fiduciary net position because the resources of the Plan are held in a fiduciary capacity for the members of the Plan. The District’s net OPEB asset, under GASB 75, will be included in the District’s June 30, 2018 financial statements.

The components of the net OPEB asset of the District at the measurement date (June 30, 2017), were as follows:

Total OPEB liability	\$ 107,057,954
Plan fiduciary net position	116,667,660
District net OPEB liability (asset)	<u>\$ (9,609,706)</u>

**LOS RIOS COMMUNITY COLLEGE DISTRICT
RETIREE HEALTH BENEFITS TRUST**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

NOTE 1 - PLAN DESCRIPTION

Plan Administration

The Los Rios Community College District (District) administers the Los Rios Community College District Retiree Health Benefit Plan (Plan), a single-employer defined benefit healthcare plan. The District's Board of Trustees (Board) established the Los Rios Community College District Retiree Health Benefits Trust (OPEB Trust). The Board appointed the members of the Los Rios Community College District Retiree Health Benefits Trust Oversight Committee (Committee) to manage, direct and control the OPEB Trust. The Committee members consists of the Deputy Chancellor, the Associate Vice Chancellor, Finance, the Confidential Senior Financial Analyst and two members of the District's Insurance Review Committee. The Board appointed Wells Fargo Bank, N.A. to serve as the trustee and investment manager of the OPEB Trust. The OPEB Trust is used for the purposes of investment and disbursement of funds irrevocably designated by the District to fund future other post-employment benefits (OPEB).

Plan Membership

At June 30, 2017, the Plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefit payments	1,007
Inactive plan members entitled to but not yet receiving benefit payments	-
Active plan members	<u>1,949</u>
	<u><u>2,956</u></u>

Contributions

The District provides contributions on a pay-as-you-go basis and contributes to the OPEB Trust. The contributions requirements of the District are established and may be amended by the Board and by contractual agreement with employee groups. The District's Plan members are not required to contribute to the Plan.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
RETIREE HEALTH BENEFITS TRUST**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

Benefits Provided

The benefits provided to retirees by the District are based on Government Code sections collectively known as Public Employees' Medical & Hospital Care Act (PHMHCA), which vary among different collective bargaining agreements. The following is a description of the current retiree benefit plan

	<u>LRCEA</u>	<u>LRSA</u>	<u>LRCFT</u>	<u>SEIU</u>	<u>Management and Confidential</u>

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and *Audits of State and Local Governmental Units*, issued by the American Institute of Certified Public Accountants (AICPA). The OPEB Trust report is an other employee benefit trust fund, which reports resources required to be held in a fiduciary capacity for the members of the Plan.

Basis of Accounting – The accompanying financial statements have been presented using the economic resources measurement focus and accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recognized when an obligation has been incurred.

Investments – Investments are reported at fair value.

LOS RIOS COMMUNITY COLLEGE DISTRICT RETIREE HEALTH BENEFITS TRUST

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

Estimates Used in Financial Reporting – In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

New Pronouncements – For the year ended June 30, 2017, the Plan implemented GASB Statement 74 (GASB 74), *Financial Reporting for Postemployment Benefit Plans Other Than Pensions Plans*. The primary objective of GASB 74 is to improve the usefulness of information about OPEB included in the general-purpose external financial reports of state and local government OPEB plans for making decisions and assessing accountability.

NOTE 3 – INVESTMENTS

Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that categorizes the inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are inputs rather than quoted prices included within Level 1, which are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs. Open-ended mutual funds are classified as Level 1 of the fair value hierarchy because they are valued using quoted market prices in active markets for identical assets. Collective investment funds are classified as Level 2 of the fair value hierarchy because they are valued using a matrix pricing model.

Rate of Return

For the fiscal year ended June 30, 2017, the annual money-weighted rate of return on investments was 6.035% percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changing amounts actually invested.

Investments Authorized by the Investment Policy

The Board adopted the OPEB Trust's investment policy in order to assist the District in meeting applicable funding requirements for the payment of future retiree health and welfare obligations and OPEB.

The specific objectives for the investment of the OPEB Trust's assets are as follows:

Safety in principal – The preservation and safeguarding of principal is the primary investment objective.

Liquidity – The investment portfolio should remain sufficiently flexible to meet cash requirements that may be reasonably anticipated.

Public Trust – District officials should avoid any transactions that might impair public confidence in the District. Investments should be made with precision and care, considering the probable safety of the capital as well as the probable income to be derived.

Rate of Return – The investment portfolio should be designed to attain a rate of return at the market average or better through budgetary and economic cycles, consistent with the risk limitations, asset allocation, prudent investment principles, and cash characteristics identified in the investment policy.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
RETIREE HEALTH BENEFITS TRUST**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

The table below provides the maximum asset allocation for each type of investment instrument. The asset mix may vary within the maximum limits based on market condition and the recommendations of the investment manager. At times, the asset allocation may exceed the maximum due to changes in the market values. In those cases, the investment manager will rebalance the portfolio within fifteen calendar days.

<u>Asset Category</u>	<u>Maximum Percentage</u>
Equities (domestic and international)	Up to 35% (international can comprise up to 10% of total assets)
Fixed Income	Up to 85%
Cash and cash equivalents	Up to 100%

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Plan's investment policy does not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments. The OPEB Trust's investment securities are not exposed to custodial credit risk because all securities are held by OPEB Trust's custodian bank in the District's name.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The OPEB Trust's investments do not have a rating provided by a nationally recognized statistical rating organization.

**LOS RIOS COMMUNITY COLLEGE DISTRICT
RETIREE HEALTH BENEFITS TRUST**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair values to changes in market interest rates. The average effective maturity of the fixed income investments at June 30, 2017, was as follows:

Investment Type	Fair Value	<1	Maturity in Years	
			1-5	6-10
Open-ended mutual funds - fixed income	\$ 24,023,829	\$ -	\$ -	\$24,023,829
Collective investment funds - fixed income	50,425,875	25,225,940	-	25,199,935
Total	<u>\$ 74,449,704</u>	<u>\$ 25,225,940</u>	<u>\$ -</u>	<u>\$49,223,764</u>

NOTE 4 – NET OPEB LIABILITY (ASSET) OF THE DISTRICT

The components of the net OPEB liability (asset) of the District at June 30, 2017, were as follows:

Total OPEB liability	\$ 107,057,954
Plan fiduciary net position	116,667,660
District net OPEB asset	<u>\$ (9,609,706)</u>
Plan fiduciary net position as a percentage of the total OPEB asset	<u>108.98%</u>

Actuarial Assumptions

To develop the total OPEB liability at the beginning of the measurement period (June 30, 2016) the actuary rolled back the results of the June 1, 2017 valuation. The total OPEB liability was determined by an actuarial valuation as of June 30, 2017, using the following actuarial methods and assumptions, applied to all periods included in the measurement, unless otherwise specified.

Valuation date	June 1, 2017
Measurement date	June 30, 2017
Funding method	Entry-age normal cost, level percent of pay
Asset valuation method	Market value of assets
Actuarial assumptions:	
Discount rate	5.00%
General inflation rate	2.75%
Salary increases ⁽¹⁾	3.25%
Long-term return on assets ⁽²⁾	5.00%
Mortality - Classified ⁽³⁾	CalPERS' Membership Data
Mortality - Certificated ⁽⁴⁾	CalSTRS' Membership Data
Health care cost trend rates ⁽⁵⁾	5-8%

**LOS RIOS COMMUNITY COLLEGE DISTRICT
RETIREE HEALTH BENEFITS TRUST**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

- (1) Since benefits do not depend on salary, this is only used to allocate the costs of benefits between service years.
- (2) Net of Plan investment expense; includes inflation.
- (3) The mortality table used was developed based on CalPERS-specific data. Future improvement in the base mortality rates was applied using a custom mortality improvement scale, rather than the mortality improvement scale applied by CalPERS. For more details on the base mortality rates, refer to the April 2014 experience study report. For more details on the mortality improvement scale, refer to Addendum 3 of the GASB 75 actuarial report.
- (4) CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are based on RP2000 series tables adjusted to fit CalSTRS experience. RP2000 series tables are adjusted to fit CalSTRS specific experience through June 30, 2015. See CalSTRS July 1, 2006 – June 30, 2010 Experience Analysis and June 30, 2015 Actuary Program Valuations for more information. Future improvement in the base mortality rates was applied using a custom mortality improvement scale. For details on this scale, refer to Addendum 3 of the GASB 75 actuarial report.
- (5) Assumed to start at 8% and grade down to 5% for years 2024 and thereafter.

The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of the Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and added expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2017 are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return
Equities	9.24%
Fixed Income	2.88%

Discount Rate

The discount rate used to measure the total OPEB liability was 5.00%. The projection of cash flows used to determine the discount rate assumed that the District continues to make regular, sufficient contributions to the OPEB Trust in order to prefund the total OPEB liability. Based on those assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

Sensitivity of the District’s Net OPEB Liability (Asset) to Changes in the Discount Rate

The following presents the net OPEB liability (asset) of the District, as well as what the net OPEB liability (asset) would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current discount rate:

	Discount Rate - 1% (4.00%)	Current Discount Rate (5.00%)	Discount Rate +1% (6.00%)
Net OPEB liability (asset)	<u>\$ 8,723,252</u>	<u>\$ (9,609,706)</u>	<u>\$ (24,340,032)</u>

Sensitivity of the District’s Net OPEB Liability (Asset) to Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability (asset) of the District, as well as what the net OPEB liability (asset) would be if it were calculated using a healthcare cost trend rate that is 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rate:

	Healthcare Trend -1% (7% decreasing to 4%)	Current Healthcare Trend (8% decreasing to 5%)	Healthcare Trend +1% (9% decreasing to 6%)
Net OPEB liability (asset)	<u>\$ (27,519,305)</u>	<u>\$ (9,609,706)</u>	<u>\$ 14,829,889</u>

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2017

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Changes in the District's Net OPEB Liability (Asset) and Related Ratios

This schedule presents information on the District's changes in the net OPEB liability (asset), including beginning and ending balances, the Plan's fiduciary net position, and the net OPEB liability (asset). In the future, as data becomes available, ten years of information will be presented.

Schedule of Investment Returns

This schedule presents information on the annual money-weighted rate of return on OPEB plan investments. In future years, as data become available, ten years of information will be presented.

Schedule of District Contributions

This schedule presents information on the District's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution. In the future, as data becomes available, ten years of information will be presented.
